THE LIFE STORY

o f

DELBERT V. GROBERG

Taken from his personal writings - More accounts of his life story may be found in family journals and other family publications. (This in his own words)

* * * * *

There was no small stir among the family and immediate friends of John Enoch and Maud Elizabeth Brunt Groberg when their second son was born to them at Idaho Falls, Bingham County, Idaho. (In 1911 Bingham County was divided and Idaho Falls became the county seat of the new county, named Bonneville.) It was the 14th of February, 1906 and father made the happy announcement that a 10-1b. valentine had arrived at 599 Mound Avenue. Father named me Delbert Valentine Groberg (so I would always remember my birthday) Eagle Rock ward-Idaho Falls.

My older brother, LeRoi Brunt Groberg was born at Ogden, Utah, October 10, 1903 while father was working for Utah Power and Light Company and living at Five Points in Ogden. Mother had been raised in Idaho Falls and father had met her while visiting a cousin who was in Idaho Falls. George and Joseph Brunt, my mother's brothers, owned a grocery store in Idaho Falls and father moved to Idaho Falls to work for them. Prior to serving a mission in Sweden 1897-1899 - father had graduated from Weber Academy as a teacher and taught school. He and mother were married in the Logan Temple by Apostle Marriner W. Merrill on December 24, 1902. A friend of my parents, Joseph Morley, once told me that my "father was a natural and outstanding leader and would have been bishop or stake president or held other offices of trust because of his great ability and his leadership and his very fine testimony of the gospel of Jesus Christ" - Paintings and poetry he left give evidence he was also an artistic and gifted young man, a good sense of humor.

Brother Morley also said of my mother: "She reminded me very much of her mother, Elizabeth Brunt,*who was one of the sweetest and most devout women you would ever know....Maud was a very sweet, kindly, gentle woman...that you love to be with, talk to, associate with - just feel their presence." Mother was beautiful with brown eyes and auburn brown hair.

On April 30, 1908, when I was just past two years old, my little sister, Maude Elizabeth, was born in our same home. I have the record of a note father signed in 1905 to pay part of the cost of this home. This was their first and only home as they had rented in Ogden.

Mother died just after Maude Elizabeth was born. My big brother, LeRoi, was just two years and eight months older than I and I expect our many needs as a little nest of almost helpless babies was an overwhelming challenge to a father now alone. Folks told me when father died a year later he died of a broken heart. I remember when father died. Grandpa Groberg lifted me and LeRoi up to his bed and father kissed us and said "Be good boys." Then he closed his eyes. I recall those words as plainly as if they were spoken today. They are the only words I remember hearing my father speak.

After mother's death, father's sister, Ellen, and her husband, uncle Albert Crowther, moved to Idaho Falls. Uncle Albert worked at the grocery store and Aunt Ellen helped father with the little children. A family friend, Mrs. Horace

Rawson, nursed her own new baby and also Maud. Grandma Brunt kept Maud and Roi and I went with father to Ogden as father's health was not good. He died in Ogden about one year and a month after mother died.

Aunt Ellen and Uncle Albert had moved to Slaterville in Utah and they took Roi and me to live with them there. About a year later we moved from Crowther's home to the old homestead at Farr West, Utah, to live with Aunt Mattie and Uncle Charlie, father's brother. I was a few months past four years of age. One recollection I have is how beautiful I thought Aunt Mattie was and how handsome I regarded Uncle Charlie. Grandpa and Grandma Groberg lived in a new little home in the same yard as we lived and became real good pals of mine.

A large circle of loved ones and close friends of our parents and grandparents became our expanded family. They all constantly reminded us of our special parents - how beautiful and loving mother was and how wonderful father was. They described the glorious place heaven was and how important the Lord's work was there, even more important than his work here for these special young and loving parents.

As I pondered the whole situation with my heart and my uncluttered mind, I often felt so close to heaven and my parents that I could visit with them. By climbing up a small apple tree I could reach up and nearly touch them. I had my parents just as other children, only mine were up there watching over me. Some children would get quite a ways away from their parents but I was always very close to mine. I was always taught that my parents knew my thoughts, my words and deeds and expected me to help in every way I could to bring joy and comfort to those about me. When I did it made them and me happy; when I didn't it made us sad.

By the time I was six years old I had become so convinced that heavenly messengers visited with people here on earth (and that our guardian angels were our own loved ones) that the account of the first vision and the visit of the Angel Moroni to the Prophet Joseph Smith were easy to accept. Grandma Groberg would read the Book of Mormon to me and tell me about the Prophet Joseph before school. She showed me albums of pictures and told me some day I would go on a mission like my father.

Grandma told me about a letter from the Prophet Joseph F. Smith to Grandpa expressing the love and blessing of the General Sunday School Superintendency, made up and signed by President Joseph F. Smith, David O. McKay and Stephen L. Richards. Long before I ever saw the letter I knew the blessings of Heaven had come continually to us three children, and later (after the death of Grandma and Grandpa Groberg) when I found the letter in an old family trunk and read the message that the prophets had sent, praying that Heaven should be indeed kind to the three little children who were fatherless and motherless, I shed tears of gratitude that their prayers had been given for us and had been heard and answered. I said with simple faith, "Heaven could only be kind indeed, with mother and father there - busy in Heaven's important work but with time and willingness to look out for me, and for us."

In the fall of 1912, after I had lived at Farr West a little over two years, I started school. We met in the little back room of the old recreation hall and meeting house...I had only been attending school a month or so when right out of the clear sky the doctor ordered me to be taken out of school for the rest of the year. I was put on a diet of hot milk and dried bread and given hot sweat baths...As I have thought of it later, I marvel at the great patience and effort of Aunt Mattie - We did not have running water nor plumbing fixtures so the water had to be heated on a stove and a round bathtub carried into the kitchen and filled with hot water - She never even thought of how hard it was on her - just how necessary

it was to regain and safeguard my health. A foster parent would have been justified in thinking, if not saying, "It is enough work to take a normal, healthy boy to raise, but to get a sick one - that is just too much!"

I was nursed back to normal health and have never had any further indication of trouble from this kidney disease -(Bright's disease)

The summer after I was eight, I was baptized in the Sect - a stream out in the field south-west of the meeting house. Clarence Stevenson, a young man in the Farr West Ward, baptized me on July 5, 1914, and Samuel Tomlinson confirmed me right there on the bank of the stream.

We always went to church. Grandma Groberg, as well as Aunt Mattie and Uncle Charlie, used to insist on us being on time and being prepared. Grandma told me I could help her learn English because I knew it better than she did, and that I could learn Swedish and we would use just a Book of Mormon in each language as our text. I didn't have sense enough to do it. She said, "You will regret it," and I do regret it. Grandma spoke Swedish.

Each summer we used to visit Idaho Falls and stay with Grandma Brunt and our sister Maude and other relatives here.

I was made a Deacon by Harry D. Brown-Farr West Ward, 24 February 1918. I was in the 7th grade of the Farr West Elementary School in 1919 when I had the following experience:

The entry of farm produce at the Weber County Fair was a major interest of young farm boys and girls who lived in the country around Ogden, Utah. I had decided to display an exhibit of fresh potatoes. I dug them from the field I had helped raise. The potatoes had to be perfect in size, shape and texture and color. In selecting the entry I not only used my best judgment but I also received counsel from my Uncle Charlie.

After digging several times the number needed and making the final choice of the very best, I put my potatoes and my hopes in a display basket and entered the county fair. My potatoes were exhibited along with dozens of other entries lined up for almost as far as I could see. Nothing interested me as much as the potatoe section and I watched it closely.

I saw some judges with little booklets walk along looking at the displays-they passed by quite rapidly and I said to myself, "They sure didn't spend as much time judging my display as I did selecting and preparing them"- We were told it would be a couple of hours before the winners were announced then the blue, red and white ribbons would be placed on the winning exhibits. It was hard for me to interest myself in other displays but I stayed away long enough so the prizes could be given and I could just return to the area and walk right up to the basket of my potatoes and take a bow as I would see the blue ribbon on my entry.

I couldn't believe my eyes and couldn't keep from asking why?- what happened? - There was not only blue and red and white ribbons for 1st, 2nd, and 3rd place but also a beautiful ribbon with "honorable mention" printed on another - FOUR winners - but my potatoes had no ribbon - nothing! I could hardly hold back the tears! I really was not prepared to have my entry completely ignored.

My first thought was: "I still believe in my potatoes - I know they are excellent quality - everything about them is special! I'll take them home and we'll eat them."

As I made an attempt to take my potatoes one of the officials of the fair asked me if I would let them enter my display in the State Fair where all the counties in the state would have their farm products displayed. I asked if all the prize-winning entries would be taken. He said yes they would but he still requested that I let them also take mine. I finally consented but my enthusiasm and confidence had cooled off. I told the man I had been disappointed and really quite convinced that even a county fair was very competitive and I could just imagine what it would be like at the State Fair - with all the winners of all the county fairs, and my entry didn't even get an honorable mention in the county fair. He said: "You really picked your potatoes with care and you knew there would be many other entries and at the State Fair every entry will just be identified by number and the final judges will not be influenced by any ribbons or awards - each entry will be on its own."

I left the fair a more experienced young man. I had entered an exhibit at the County Fair and had now entered the State competition - and even tho I had received no prize and would be lined up against all the winners, etc. I was assured the final judgment would be made on the basis of merit and all the entries would be viewed and examined without prejudice or influence of any other factor.

I was very happy. Not winning at the County Fair held no concern or disappointment any more. I was glad I entered. I was glad I had been invited to stay in there and not pull out at the first round. In fact, I felt that I had prepared for the final judgment right at first and that this could be a good course to take in every event and situation in life. Don't let a failure or a disappointment or a fall keep you from going right on - don't be a quitter or a loser who doesn't keep on trying and submit to the final and higher judgment.

This little experience nearly sixty years ago is fresh and helpful to me now as it has been thru the years. I was still in the running - I was part of a larger competition - another judgment would be made - True I had not received any ribbons or awards on one round but there was another opportunity. The preparation and selection I had made would have the more experienced and careful scrutiny of the final judges.

It was not a severe letdown for me to return home under these conditions. I explained I had not won at the County but had been invited to go on to the State. It was a better position than quitting as a loser and having it all over.

Well, a couple of weeks passed and then an official-looking letter came in the mail addressed to me. I opened it. There was a letter, a blue ribbon and a check for first prize at the State Fair for my potato entry.

* * *

When I was fifteen I graduated from the eighth grade and felt pretty smart. We had a picture of the graduating class.

I was ordained a teacher by Harry D. Brown, Farr West Ward, 25 December, 1921 and a Priest by Francis W. Stratford, Farr West Ward, February 1, 1925. and an Elder by Thomas M. Irvine, May of 1925 at Farr West Ward, Weber County, Utah

The closest high school was in Ogden and I had to follow a pretty tough schedule to go to high school. I used to get up about six; milk the cows, change clothes; wash; have breakfast; and walk one mile to catch the Interurban at 8:05. It would take us to the Ogden station then we had another half-mile walk to get to school.

I went to Weber Academy but after my second year the school was changed to Weber College so I had to go to Ogden High. After part of my junior year I quit school and just worked on the farm and helped with the children. Aunt Mattie had her first child just two or three years after we went to live with them; each child was just like a brother or sister.

Roi was called on his mission in 1923 and I lived that mission with him. I knew each companion and each place he labored so well that I still feel acquainted. I studied the scriptures and looked forward to a mission. Grandma told me how father would expect me to go to school and I went back the fall of 1924 and graduated in June of 1925.

One week after graduation I was to leave for the Eastern States Mission - I had received a call from President Grant - but this date was postponed one week because of the golden anniversary of the M.I.A. so we could go to the meetings. Also I was given my patriarchal blessing by Hyrum G. Smith, Patriarch to the Church, in Salt Lake City. This blessing was as dear and close to me as any revelation. I was set apart for my mission by Elder Melvin J. Ballard and departed for my mission June 16, 1925. I had a happy and close association in the mission with President B.H. Roberts of the First Council of the Seventy, and Sister Roberts, then briefly Pres. Henry Rolapp.

I spent the first two months in Massachusetts and New Hampshire doing country tracting, then I spent six months in the mission office. I learned a great deal from President Roberts' study classes which were outstanding. Then I was made president of the West Virginia South district - where I spent a happy eighteen months. We built and dedicated one chapel while I was there, at Verdunville.***

President Roberts assigned me to help Elders Melvin J. Ballard, Rey L. Pratt and Rulon S. Wells as they prepared to leave from New York to go to South America to open up that other half of America for missionary work. Being with those three great General Authorities, in addition to President Roberts, also a General Authority, and feeling their faith and testimony of the importance of the work in all the world, made a deep impression on me and I felt a part of it and knew my parents were giving approval to my association and my thoughts. Pres. Rolapp came to preside when President Roberts was released shortly after Sister Roberts died. I greatly missed President Roberts; he has been a real father to me.

*** A journal entry dated November 19, 1991 - gives an interesting account related to the building of this chapel - which comes next.

Following that we will also include the account of a special experience in the mission field related to Elder Melvin J. Ballard - and Delbert.

Idaho Falls, Idaho -Nov. 19, 1991

Last evening as Dad and I were reading from Section 107 - it was his turn and when he read verse 37 - he stopped and said: "Those were the exact words Pres. Rolapp used when he dedicated our chapel at Verdunville." I asked him to tell me more about it and he said the following:

"I was with Pres. Rolapp when we went to Verdunville in West Virginia - I was the district president there. Pres. Rolapp had been my mission president for just a short time; most of the time my mission president was Pres. B.H. Roberts. As district president I had told Pres. Roberts that the saints in Verdunville had been told they were to have a chapel in their city and I thought this promise should now be fulfilled. I suggested we build a chapel there - that the saints there build it on their own. He had given permission. So we went ahead on our own - nothing to do with Salt Lake. There was an older member, a Brother Palmer who was very helpful. Also, Antone Romney, son of George Romney who was president of Ricks College, was new in our mission and I received permission to have him help - dig cement, etc. Everyone helped. The cost was about \$1600 - I should mention that when I first asked permission to build the chapel, Pres. Roberts had said: "We don't have a chapel in Boston; we don't have a chapel in Philadelphia; we don't have a chapel in Washington, D.C." - But he did give us permission to go ahead and have this one built at Verdunville, West Virginia. And it was built - by the saints. It seated about 100 - not very large but had met all requirements. As we approached the completed chapel Pres. Rolapp said to me: "I wish you would dedicate this chapel."

Then Dad re-read this one verse which Pres. Rolapp quoted as he humbly and correctly dedicated the chapel at Verdunville, West Virginia: "And let thy house be filled as with a rushing mighty wind, with thy glory." (D & C 107:37)

Some Treasured Experiences with the Ballard Family D.V.G.

Incident to and during my mission to the Eastern States 1925-27, it was my good fortune to associate with Elder Melvin J. Ballard on several occasions. The first was when he set me apart for my mission in June of 1925. The second time was at the mission headquarters in Brooklyn when Elder Ballard, along with Elders Rulon S. Wells and Rey L. Pratt, was enroute to South America to open the missionary work on that continent. A picture from my missionary records shows those three Brethren with President B.H. Roberts of the Eastern States Mission, and Sister Roberts, and a group of the missionaries at the mission home on Gates Avenue in Brooklyn, New York.

As an assistant at the mission office at the time, I was given the opportunity (at the suggestion of President Roberts) to help the Brethren with some details. One of the interesting details was taking Elder Wells over to the Equitable Life offices on Manhattan, where he had some former business acquaintances. On our return a picture was taken of us which I have kept.

The third time was - after serving in the mission office I was assigned to the West Virginia South Conference. There, as Conference President, in 1927 - I was privileged to help arrange a very special meeting in the Homrick Hall in Huntington, West Virginia. After his return from South America, Elder Ballard toured the Eastern States Mission with the new mission president, Henry H. Rolapp, and they came to West Virginia and Elder Ballard attended this special meeting.

Inasmuch as this location was in the tri-state area where Kentucky and Ohio and West Virginia join, it was thought appropriate to invite missionaries of the Southern States Mission laboring in Kentucky and missionaries from the Northern States Mission laboring in Ohio, to join with us in the meeting where Elder Ballard would speak.

There was a wonderful outpouring of the Spirit as the saints from the conference (district) gathered with all our missionaries and missionaries from adjoining states representing the other two missions. I sat next to Elder Ballard as I conducted the meeting. Before he spoke he told me he felt this was a very important gathering. He was the principal speaker and as he spoke he stated again how special it was to have representation from three missions.

Then he quietly stood for just a moment as though he sought for confirmation or approval of what he wanted to do, and quickly receiving it, he announced - "I am impressed by the Spirit to tell you of a sacred experience I had....." He then related in beautiful detail and with powerful testimony and tears of a melted heart, the account of his meeting in the Temple prior to his call to the Apostleship, etc.

No one moved - the missionaries and saints were one in Spirit - an entire congregation was united as they came so close to feeling and understanding just exactly how Elder Ballard felt and how positively he knew. Faith and testimony were increased in the souls of grateful representatives of three great missions.

I felt so filled with the Spirit it seemed like an intrusion for me to stand and announce the closing of the meeting.

Elder Ballard told me afterwards that he only related this sacred experience when the listeners were especially prepared to hear and accept it and he felt that confirmation at this meeting.

The fourth time was at October General Conference in 1927. Elder Ballard talked to me and again told how very special he felt the meeting in Huntington, West Virginia, had been. He said he was pleased that I felt the testimony he bore was a wonderful blessing to the good saints and missionaries. When I told him that I personally regarded my hearing and feeling his experience as a real high-light of my mission, he said "It is so sacred to me I only share it on very special occasions.

Over the years as I have met and talked with missionaries and saints who attended that meeting the expressions has always been: "It was surely good to be there."

Time passed - and so did the generation of Elder Melvin J. Ballard. He died July 30, 1939.

However, 37 years afterwards, at the April Conference in 1976, President Kimball invited Jennie and me to attend the meeting in the Salt Lake Temple where our son John and three others were to be ordained and set apart as General Authorities and additional members of the First Quorum of the Seventy. Sitting next to me was Melvin R. Ballard, the father of M. Russell Ballard who was called to the General Authority position at the same time.

As we sat in the area where we could see and hear the First Presidency and members of the Quorum of the Twelve and the Seven Presidents of the Seventy (22 in all) Brother Ballard, Sr., took my hand and said, "This is where my father had his very sacred experience and meeting - right in this Temple and likely very close to here." He then related the account as he had heard it from his father and I felt his firm grip on my hand as I told him I heard his father tell the experience in Huntington, West Virginia, in 1927.

We listened together as the First Presidency and the others laid their hands on the four - Elders Assay, Ballard, Groberg and DeJager - and ordained and set them apart. It was an association through the generations.

As we participated in voting to sustain a new member of the Quorum of the Twelve in the October Conference in 1985, it was a special thrill to join in voting our heart-felt approval for Elder M. Russell Ballard to fill that sacred position.

At the stake conference of the Idaho Falls Central Stake, where our son, Richard is serving as the senior member of the Stake High Council, we attended and were inspired by the spirit of the conference and the message of Elder Ballard who was the visiting General Authority.

Visiting with Elder Ballard briefly after the meeting, he mentioned being with our sons John and Joe and others of our family, including Dee. We told of our experience and opportunity to be with members of his family over the years and how grateful we were for them and as a memo we had some pictures we wanted to share with him. Now here are the pictures with this personal account.

FOLLOWING IS FOUND IN "SERMONS AND MISSIONARY SERVICES OF MELVIN JOSEPH BALLARD" BY B.S. HINCKLEY, IT IS PORTION OF A TALK ELDER BALLARD DELIVERED AT A JUNE CONFERENCE OF A MUTUAL IMPROVEMENT ASSOCIATION, PRINTED IN THE IMPROVEMENT ERA. (The Sacramental Covenant - p. 156)

SERMONS AND MISSIONARY SERVICES

Away on the Fort Peck Reservation where I was doing missionary work with some of our brethren, laboring among the Indians, seeking the Lord for light to decide certain matters pertaining to our work there, and receiving a witness from him that we were doing things according to his will, I found myself one evening in the dreams of the night in that sacred building, the temple. After a season of prayer and rejoicing I was informed that I should have the privilege of entering into one of those rooms, to meet a glorious Personage, and, as I entered the door, I saw, seated on a raised platform, the most glorious Being my eyes have ever beheld or that I ever conceived existed in all the eternal worlds. As I approached to be introduced, he arose and stepped towards me with extended arms, and he smiled as he softly spoke my name. If I shall live to be a million years old, I shall never forget that smile. He took me into his arms and kissed me, pressed me to his bosom, and blessed me, until the marrow of my bones seemed to melt! When he had finished, I fell at his feet, and, as I bathed them with my tears and kisses, I saw the prints of the nails in the feet of the Redeemer of the world. The feeling that I had in the presence of him who hath all things in his hands, to have his love, his affection, and his blessing was such that if I ever can receive that of which I had but a foretaste, I would give all that I am, all that I ever hope to be, to feel what I then felt!

When I returned to Ogden I reported my mission at Farr West and in stake conference. Then at October General Conference I caught a ride to Idaho Falls with Uncle George Brunt. I got a job at the Modern Dairy and worked there until the end of the year.

At the Modern Dairy (on the St. Leon road) I got up at 4 a.m. and milked the cows, then processed the milk - separating, cooling and bottling it. Then I delivered the milk to homes in Idaho Falls. Then I went back to the Dairy and loaded up again and delivered to stores, restaurants, etc. Then I cared for the cows, etc. - then milked again and delivered again in the evening. Then I cleaned up everything to be ready for the next day, then went to bed - about 10 p.m. - 18 hours - every day of the week - I received \$90 per month and my board and room.

Later I worked at the C.W. & M. - the biggest store in town - they sold everything from toothpicks to pocket knives to plows, wagons, threshing machines, - No one could make a successful business start in Idaho Falls without working at the C.W. and M. I became acquainted with G.G. Wright (general manager of all the C.W. & M. branches - Consolidated Wagon and Machine) - Billy Charlesworth who sang in a quartet with Joe Morley, a friend of my parents. Here I was paid \$125 per month (I did inventory) and they offered me \$150 per month if I'd stay on but I said, "No way! - I'm going to B.Y.U. and find me a wife." I met Jennie my first day at B.Y.U. I have often said "I went to the Y to find a good wife and I married the first girl I met"-- I could truthfully add that I could not have done better if I had looked all over the world. (It was January 1, 1928 when I went to Provo.)

I took a sampling of history, psychology, economics, English, commercial law, sciences. and I took an active part in student affairs - I was on the debate team and as vice-president of the students I was in charge of the Public Service Bureau, an officer of the Friar Club (returned missionaries) and Idaho Club - President Mates Social Unit, etc. and I also sold auto and fire insurance during school.

After her graduation (as valedictorian of her class) in 1929 Jennie taught at the Ammon High School for one year while I attended B.Y.U. We were married in the Salt Lake Temple by Pres. Joseph Fielding Smith on June 11, 1930. Forty seven years later Pres. Smith asked me (with a twinkle in his eye) if I had ever forgiven him for marrying us and I said: "President Smith: With her-everything; without her - nothing; -children grandchildren, joy and rejoicing, love and service."

* * * (from Jennie's journal: "We had asked Elder David O. McKay to marry us (I had always loved and admired his brother who married my mother's sister)- Elder McKay called the night before and said he might be unable to marry us but he visited with me via phone for 5 or 6 minutes about joys and promises of a temple marriage and gave wonderful counsel...")

We had invited Pres. B.H. Roberts to perform the ceremony and he was so close to Delbert he really wanted to but a "Seventy" did not then perform temple marriages. Hoping for Elder McKay's return-we waited about 2 hours and were the 43'd couple to be called to be sealed. My parents, grandparents and other happy relatives were happy to wait with us. Since our first meeting we had recognized the direction of Heaven in naturally bringing us together to fulfill the Lord's purposes. We were both totally dedicated to building a home in the light of the Gospel, where the Holy Spirit would be pleased to dwell, where all thots and words and acts must be disciplined to receive divine approval. Our reception in the new Provo First Ward building was special. Speakers during dancing intermission were: Pres. Roberts, Pres. Brimhall, Pres. Harris, Clara Brunt-Uncle Will Knight in charge. Grandpa Brimhall said: "Remember these four C's when you sail on the sea of matrimony; Counstant Counsel; Constant Courtship, Constant Confidence, Constant Compromise."

We had a hectic honeymoon in southern Utah parks - Bryce, Grand and Zion canyons - For two days and nights we stayed at Bryce Canyon Lodge eating crackers and cheese because we felt we could afford no more and then found out too late the \$12 per day we paid included three luscious meals per day - we had missed. At first we were disappointed and hungry; then we laughed hilariously. Enroute to Idaho Falls where we would begin our Kingdom - we stopped in Ogden for a shower with Delbert's friends and folks. In Idaho Falls we lived in one side of Grandma Brunt's home - with Uncle George Brunt's family near on one side and Uncle Joe Brunt's family on the other - both making us feel we belonged.

- - - - -

With my cousin, Earl Brunt, I set up an insurance business with State Farm Mutual. We were assigned to teach a Teacher-Training class and within a month called also to serve on the Sunday School Stake Board.

We had stake conference on November 9. Elder David O. McKay was our visitor. He asked all members of the First Ward to stand (our ward) and then said: "It is proposed that Delbert V. Groberg be sustained as counselor to Henry Johnson, bishop of the Idaho Falls First Ward. - We haven't interviewed him yet so he knows nothing about it but we can assure you he will be willing and able." I have always felt father had something to do with Elder McKay ordaining me a High Priest and setting me apart as a counselor in the bishopric in the ward where I was born...Years later we had dinner with Pres. McKay at our stake president's home and he looked across the table at me and said, with a smile: "You look like your father."

I had assignments in Relief Society, Primary and Genealogy Department. As the youngest member in the Genealogy Department I viewed the others with respect, almost reverence. Every week the class stood to repeat: "We stand for a family record in every home and a temple in Idaho." Sister Mary Laura Hogan, an elderly pioneering widow, did not stop with the rest of us but continued on with increasing volume - "and a temple in Idaho FALLS, Idaho!" - Don't bobtail that slogan any more. Say it all and mean it!"

I enjoyed the work in the First Ward. One thing I did which stands out in my mind, was the blessing of babies. The big thrill came when our own little baby came and I blessed her and gave her the name of Mary Jane.

Dr. H. Ray Hatch said all mothers of new babies should stay on their backs for 14 days and then start to sit up. He had Jennie taken to our home $1\frac{1}{2}$ blocks from hospital - in an ambulance - but she is doing fine. He charged us \$35 for his service and the hospital charged us \$25.

Jennie is often asked to give readings or play a piano or organ solo and enjoys her work in the presidency of the MIA. We took my sister Maude and her two girls, Lenore and JoAnne with us to Lava Hot Springs yesterday.

Oscar Johannesen, a prominent Idaho Falls attorney called me and said he had just closed an estate and he had 19 lots in the north section of town he needed to sell very soon and I could buy them all for \$95. I gave him the \$95 and took title to the lots. Over the years I have sold most of them - lowest price was \$100 a lot. Interstate Highway took several at \$600 a lot. I always paid taxes on them but haven't even located the last three. About 15 years ago (recorded in 1992) our Richard said that Dick Clayton was interested in buying the last 3 lots. I told him to sell them to Clayton. He paid us \$11,000 for them. I won't be surprised if some day we'll find a big building on them.

In the fall of 1932 I was invited to file for Justice of the Peace on the Republican party but I did not receive enough votes in the Primary to win the nomination. But some of my friends who were democrats, told me the Democratic party didn't have anyone file for Justice of the Peace so they had put my name on the ballot for the Democratic party where I would oppose the one who had defeated me in the Primary. I was elected by a big margin and served six years.

In the early 30's I wrote: The C.W. & M. is closing!- banks are closing! business is at a standstill. But we're all working together to lift Idaho Falls by her own boot straps out of this paralyzing depression. - no division here - no religious prejudice or any other prejudice. I recently visited with Don Kugler - prominent jeweler and president of our Chamber of Commerce. I told him the L.D.S. Church might be interested in building a temple here in Idaho Falls. Don said to me: "I can't think of anything better than all of us uniting on some big building project here."

December 19, 1939 I recorded: "This morning I had a thrill that comes once in a lifetime - I attended the services for the breaking of the ground in the construction of the temple at Idaho Falls. While Elder David O. McKay assisted our John held his hat for him. During the past three or four years it has been my privilege, as a realtor, to assist in buying nearly all the lots in the temple site. When President Grant said the temple would be at Idaho Falls I was given the job, along with John Homer, to do this....Today the grounds here are very rough but when the temple and grounds are completed this will be the most beautiful spot in the valley. Sometime I must write the history of this."***

Julia Gay joined our happy family December 28, 1932 and John Holbrook was born June 17, 1934, David Holbrook on March 12, 1936, Richard Holbrook on June 22, 1938.

Our second home was at 420-6th Street - a happy "doll house" gift from Delbert to Jennie- getting ready to welcome Julia. Julia and John were both born while we lived here. Our third home was built at 420-10th Street - during the big depression. The lot cost \$300 - the house with three bedrooms, fireplace, living and dining rooms, garage, full basement, etc. etc. all cabinets desired - cost an additional \$3990 - David, Dick, Dee and Joe were born while we lived here. We attended the Third Ward where Delbert served as counselor to L.C. Larch, bishop, for eight years and then as bishop for four years. He was ordained a bishop by Elder LeGrand Richards 29 November, 1943. He was also ordained as a Patriarch by Elder Mark E. Petersen 11 September, 1955. ****

255-12th Street is the address of our home from 1942 until 1966. Beth, (Elizabeth) Lewis Holbrook, Gloria Jean and George Holbrook were born while we lived here. John, Mary, David, Dick, Dee and Joe left for their missions while we lived here. Our next home was at 2885 Red Barn Lane - we lived here until 1975 when we moved into the Temple President's home across from the temple and lived there until 1980. Then we moved into a condominium at 827 Linden Place. - - -

*** In 1985 Delbert published a book - "The Idaho Falls Temple - the First Temple in Idaho" -

**** Delbert has given Patriarchal Blessings to seven of his children and (to this date) thirty-four grand-children - also many other blessings to family members and others.

In 1930, after being married and moving to Idaho Falls, I established myself in the insurance business and then later, as a natural addition, added the real estate, appraising, developing and managing as a part of the full field of real estate service.

I began here by inviting my cousin, Earl Brunt, to go into business with me and we started a joint venture in auto insurance. About a year later I bought him out.

Then Cliff Kindred and I made a contract with Beneficial Life and had all southeastern Idaho as our territory for a year or so and then I bought him out. Then I made an agreement with Hartford Insurance group for a full line of property and casualty insurance.

In 1938 I bought Victor Austin's insurance business and joined as the field representative for Vermont Loan and Trust Company and also represented Prudential Insurance Company as loan correspondent and property manager for this area.

About this time I started in Real Estate. One of my first transactions was buying a little house from Samuel South right where the Hatch Clinic now is on Memorial Drive. I sold it to Leo Stavros at about a \$600 profit.

At B.Y.U. I had specialized in real estate appraising. In connection with the loan business with Prudential I had to make appraisals and had others appointed. I appointed Victor Austin and J.L. Milner and Whitey Ewart. I was also named as an appraiser and made very brief statement appraisals. The fee was \$3 each. Don Kugler had a letter from a Mr. Decker, a jeweler in Salt Lake with a \$5 bill for making an appraisal on a building in Blackfoot. He asked me if I would make it. This was the beginning of a most interesting and rewarding appraisal activity over the years.

It was during the early 30's that the big, deep depression came. In 1932 I was elected County Magistrate (Justice of the Peace) - I became well acquainted with all the city and county officials and attorneys and other judges, etc. I collected mortgage payments from about fifty borrowers and received a percentage. I had a feeling I would like to study law and become a lawyer but as I studied in connection with my interesting variety of judicial work I noticed most of the attorneys were not very prosperous or happy. Most of them were just barely making it, and I found it hard to collect even the mortgage payments from some of them.

One interesting situation with Ariel Crowley, a young attorney who was a son of an older, long-time attorney, C.E. Crowley - decided to sell out his home. I sold it for him but he didn't pay me - He had checked the population and the number of attorneys in Portland and found there were only one-half as many attorneys per population in Portland as in Idaho Falls. He had used an up-to-date phone directory and felt he could have twice as much legal work in Portland. He came back after just about one year and I asked him what happened. He said he found out that at least half the attorneys in Portland didn't even have phones.

I appreciated my close and friendly visits with some of the older attorneys here - Clancy St. Clair, Otto McCutchen, George Edgington, Ralph Albaugh, Bert Miller, Clarence E. Crowley, Oscar Johannesen, Arthur and Harry Holden and some of the newer and younger ones: Paul T. Peterson, Kenneth McKenzie, Emery Owens, Alvin Denman, etc. - A. A. Merrill and LaRue H. Merrill, Henry Martin, C. J. Taylor, Harrison Dennis, etc.

At any rate, Jennie and I received from Estella Mulliner (a widow whose husband had a set of Blackstone law books) these books and I signed for an extension course in law. We paid \$100 for the course but it didn't take long for us to realize it would be better for me to stay with insurance, real estate, etc. and already this had a significant appeal to me. Virgie Mulliner (became Mrs. Freme) was a daughter of Estella and a good friend of ours from B.Y.U. Later we gave this set of books to Tony Naegle.

A statement made early in my business experience - "One good investment is worth more than a life-time of labor" - has impressed me ~~as~~ over the years - not that I felt it proper to avoid a life-time of meaningful and happy work - but that it should be possible to also make investments and have them work along with me. I thought it appropriate to make investments I could work with and watch and have the family help and learn from active experience.

a. In the insurance business the lessons of obtaining leads and actually following up and selling and servicing people's needs was used and the plan of efficient, organized selling was learned.

Example #1; My Uncle Joe Brunt told me Mrs. Edwards said she was interested in getting some insurance and for me to get in touch with her. I contacted Mrs. Edwards and asked if she wanted to get in touch with me about some insurance and she said no but she was interested in getting some insurance. So I sold her some. Then I approached a different Mrs. Edwards and asked if she had told Uncle Joe to have me get in touch with her about some insurance and she gave the same response - no-but she was interested in getting some - I wrote her some insurance. When I contacted the third Mrs. Edwards she said "I was wondering if you were going to come" - so I also wrote insurance for her.

Example #2; Representatives of a national shoe company was holding a national meeting pondering the shoe salesmen - So they invited one of the salesmen who lived in a small community but had an outstanding record as a salesman, to be one of the speakers. But as this man faced this large audience he became so frightened that he was only able to say three words; "See the people." And that was the major talk of the meeting - with its great message to "SEE THE PEOPLE."

b. In the imaginative, or creative, thinking - the possible and proper use of Real Estate became an almost obsession - I dreamed what might be and where and why and made preparation so I could move from an idea to a positive offering. The temple site was a dream and an example.

While applying the same principle of staying on the job - it was possible to acquire a school site, a residential sub-division site and a potential motel and convention center. There was a reward of satisfaction for an opportunity to participate in a most enjoyable assembly project for the temple even though it was a contribution of both time and means - it was a very good experience and the other by-products brought very substantial increases - One \$15 purchase sold for \$11,500 to one of (if not the most) the most knowledgeable realtors in the area.

c. In 1934 during the depths of the depression I bought three lots from Stanley Crowley for \$300 and had Adolph Johnson draw plans for a three-bed room house with full basement, fireplace and garage. When he showed us the plan he said the house would cost \$3900. Jennie said "What about the cabinets?" Adolph said "You can have all the cabinets you want." Johnsons operated the cabinet shop. After the house was finished Johnson said there were more cabinets in our house than any other house in Idaho Falls. In 8 years we outgrew this home and sold it for \$5,000. Today (1992) it is valued at between \$60-70,000.

Our home was built on the Third Ward side of 10th Street and soon after living there I was asked to be a counselor to Bishop Larch in the Third Ward.

Adolph and I were also involved in the Ferrill Building (on B St.) Taxes on it were delinquent. We borrowed \$2000 to pay up the taxes and took a ten-year contract on the property. We rented the building for enough to made the contract and the note payments and we said "When we get \$10,000 we will sell." It worked out and we got our \$10,000 each. The man who bought from us sold it for \$42,000.

d. The school decided to buy a portion of farm land on Holmes Ave. between 5th and 8th streets. This was at the extreme east edge of Idaho Falls. I had studied a natural growth pattern and felt if you put a compass on a land area with the center where a new high school would be built and drew a circle a mile each way from the center - the area enclosed by the circle would soon be developed.

There was a farm within this circle - about 130 acres - a $\frac{1}{4}$ section less a small piece. It was for sale for \$45,000. We bought it for \$42,000 in 1944 and farmed it for seven years. Then we began sub-dividing and sold 25 acres for \$25,000. The last piece sold was $\frac{1}{2}$ acre which had been leased to Phillips Petroleum. The increase on this one parcel was 277 times - each \$1 grew into \$277.

** e. Stock in K I D @ \$100 was split 2 for 1 - then 3 for 1 - 6 for \$100., or \$16.67 cost per share - after paying up to 50% per year cash dividend on cost - sold for \$1680 per share or 100 times - This besides getting paid as an officer and director and having experience of being a part of an interesting broadcasting business.

*** f. The Bank of Commerce - We put up about \$31,000 in cash and borrowing and sold off \$4000 so \$27,000 cash cost and have had director's fees and experience and dividends over the years and now the book value of the remaining stock for which I have the \$27,000 cash is 1467 shares x \$250 = \$366,750 - equals 2700 x \$13.58 for each \$1. In the meantime the return from cash dividends has paid up to 27% on cash and the director's fee has been another 16% or 43% return in cash plus a \$339,750 increase in capital value. (1991-shares today now \$400-have given shares or sold shares to family members so now we have about 1300 shares)

g. Land Title Company - put in \$3,000 - (increased eleven times)

We have also made some gifts to members of the family of duplexes both in Provo and in Idaho Falls.

We have also given land gifts to the Church for chapel sites in Idaho Falls.

By 1936 we had four children, a new home and a car and we were filing our income tax return. I had tried to have several sources of income for the following: Tithing and contributions, food, clothing, shelter, necessities, insurance and health, children's education, missions, etc., one for savings and investments, - for payment of taxes.

In 1929 when I started in business here there was no existing real estate board so I helped reorganize one. I was elected secretary and then served as president in 1941, in 1942 and again in 1947. Governor Smiley appointed me president of the Idaho Real Estate Brokers Board - then in 1945 I served as vice-president of the Idaho (state) Real Estate Association and we re-organized the association. In 1948-9 I was president of the Idaho Real Estate Association. In 1960, 1961, 1962 and 1963 I was a member of the Idaho Real Estate (Commission Brokers Board. In 1962 I served as Regional Vice-President of the National Association of Real Estate Boards.

organized the association. This was a real opportunity and experience as I helped in enacting the real estate law by which the brokers board was established. While president of the brokers board I was asked to speak at the convention of the National Association of Licensed Law Officials at Honolulu. At this time I was also regional vice-president of the National Association of Real Estate Boards for 1962. Following the Honolulu convention I flew to Fairbanks, Alaska where, as regional vice-president of the National Association of Real Estate Boards, I spoke at their convention and installed their state officers. Ten years prior I had taken John, David, Richard, Dee and Larry Anderson and driven up the highway and visited around Anchorage and Seward..

I visited every state in the region and spoke at their conventions - one in Alaska, the convention for Oregon at Pendleton, and the one in Washington held at Wanachi, also the one held in Billings, Montana - then I also spoke at the Idaho convention. All in all, I covered about 11,000 miles in an official capacity in connection with this real estate assignment.

It was interesting to participate at a national convention program at Detroit and I was pleased with the expressions of confidence and appreciation for the information I was able to give.

I was nominated by the Idaho Falls board of realtors to be the Realtor of the year in 1961. This was a real thrill to know that my associates had designated me for this honor. But the real thrill came in connection with the convention that fall in the state of Idaho when the Idaho Realtors Association designated Delbert V. Groberg as Idaho Realtor of the Year.

Mamma and I attended the convention at Miami Beach, Florida where I received a silver bowl manufactured in same area where Paul Revere first beat out the little bell and the little silver bowls to show that the colonists were able to manufacture and provide for themselves and thereby declared freedom from all foreign powers. This little bowl is also significant from the standpoint of recognizing activity in a great free enterprise profession - the profession of real estate..

Another gift and honor I received and appreciated was in the Washington convention when an old pioneer realtor of Seattle presented me with one of his

beautiful redwood bowls - in recognition of free service and contribution of time and talent to the real estate profession. I appreciate having a picture taken of Mr. Wheeler presenting me with this bowl - also the picture take of me at the Miami Beach convention with Orin Woodbury (realtor of year for Utah) and William H. Garrett (realtor of year for Nevada) - all L.D.S. - picture in Church News.

My sons John, Richard and Joseph, and I, have developed a full real estate service organization which has operated continually as the D.V. Groberg Company since 1930 and is now operated by my sons, but had a very humble beginning when I had it alone.

Growing With Idaho Falls:

Dear Friends:

In 1885, my grandparents brought their young family into Idaho. Grandmother felt Idaho offered work and growth opportunity. It required great faith and vision in 1885 to see the future and be willing to work to make the "dream" a reality. James E. Steele had told Grandmother, "The area around Eagle Rock (now Idaho Falls) looks good to me."

Tragedy, hardship, sacrifice and tireless uncomplaining labor were sown as seeds into the "soil and climate" of this Idaho home.

When we established our real estate and insurance business in Idaho Falls in 1929 the work and growth pattern had been clearly set. The task and the desire was to proceed.

During the past 30 years it has been a thrilling experience to have our family, our business, our friends and our hopes grow and prosper with Idaho Falls. So many have helped us. We are grateful to each one.

Now, as we face the next 30 years, we must continue to sow as well as harvest, and give as well as receive.

With Grandmother and James E. Steele, I feel there is plenty of work and growth opportunities ahead, and the future looks good to me. May we keep the "faith and vision," and always have the willingness to work to make the "dream" a reality.

Gratefully and Sincerely,

Dear Delbert and Jennie:

Thank you for your very warm sentiments expressed in your letter to me June 7, 1985.

There are many similarities in our families and in our lives and I think the greatest is our love for the Master and the genuine gratitude we feel for the guidance of the Holy Spirit in our lives. We have been raised a little differently but with the same devotion and consecration to God. The good Lord didn't have much to work with when he took me on as a friend, but the results have been amazing, as I know it was not of my making but the love and divine guidance of God.

It is my hope that one of these days we will be able to make a trip to Idaho Falls and when we do I will let you know and we can have a short visit together.

With warm, personal affection to you and your family,

Dick McAbee

In the summer of 1944 I attended the University of Illinois and took a special appraisal course - No. 1 - Farm. When I applied for it I was told - "sorry - but the class is full. Then a couple of weeks later when I was to an evening meeting at the Federal Building (old Post Office) as chairman of the Selective Service Board for Bonneville County, the meeting was interrupted by my son, John, then about ten years old - telling me that Jennie had just received a telegraph from the University of Illinois Appraisal group that there had been a cancellation and if I could get there I would be welcomed to the class on appraising. I think John had run most of the way from home because his mother had told him I would have to catch the midnight train about three hours from then.

I worked things out for the completion of the meeting and came home and packed my things - made necessary arrangements for two or three weeks absence and was down to the old train depot to catch the train by midnight - to go to Champagne, (Urbana) Illinois and to my first appraisal class.

Then in 1946 I attended an appraisal school - No. 1 -City - at the University of Michigan at the Rackam Institute in Detroit.

In 1948 I attended another commercial appraisal course given at the University of Washington at Seattle. It was my great privilege at this time to live in the dormitory right next to George Smutz, one of the greatest appraisers of this generation. He was instructing one of the classes and he and I visited together many times.. He was the author of several books, an outstanding authority on condemnation appraising and on appraising as a profession. I have always felt it a real advantage to have been so closely associated with him.

In 1949 I was elected to membership of the American Institute of Real Estate Appraisers - M.A.I. My number was 1602. I was appointed to the examining committee and for three years graded examination reports and appraisal reports submitted for credit to the institute and received a great deal of opportunities to see appraisals and reports from various parts of the United States.

During 1956-1957 I was elected regional vice president of the American Institute of Real Estate Appraisers and able to participate in conferences in both Seattle and Vancouver. I have taught Appraisal classes in several cities in connection both with the Idaho State University and the University of Idaho. I taught in Idaho Falls, Rexburg, Pocatello and Boise. I was the founding president of the Southern Idaho Chapter of the American Institute of Real Estate Appraisers.

I have made appraisals for cities of Idaho Falls, Ammon, Shelley, Twin Falls, Pocatello, Boise, (Urban renewals, etc.) - for the State of Alaska (after the earthquake) -Bureau of Indian Affairs, Army Engineers, Mountain States Tel & Tel, Westinghouse Electric, General Electric, Idaho Department of Lands, Forest Service, B.L.M., Bureau of Reclamation, U.S. Postal Service - Real Estate and Building Department, E.I. DuPont DeNemours & Co., Ford Motor Company, General Motors, National Park Service, Federal Housing Administration, Idaho Department of Highways, U.S. Department of Energy, B.Y.U., Ricks College, Shoshone Bannock Indians at Fort Hall, F.D.I.C. at Jackson Hole, Harriman "Railroad" Ranch, J.Y. Rockefeller Ranch at Moose, Wyoming, (Grand Teton - 5-6,000 acres) J.C. Penney, Wall-Mart, estates and attorneys, various lending agencies, banks, insurance companies and other individuals and agencies - - - New York Life Insurance, Occidental Life Insurance, National Public Service Insurance, Pacific National Life Assurance, Bank of Eastern Idaho, Idaho Bank of Commerce, Utah Oil Refining, State of Idaho, Veterans Administration.

S T O R Y O F K I D

At the suggestion of Pres. J. Reuben Clark, Jr. that we needed a local radio voice for the Church here, I and the following men purchased stock in a new corporation known as Idaho Radio Service Corporation, later named KID Broadcasting Corporation: Peter Ricks, Joseph E. Williams, Guy Poulsen, Paul C. Holm, David Smith, A.W. Schweider, Cecil E. Hart, Henry Bennett, Warren E. Wright,

I became secretary-treasurer and director of the Corporation and then later, I served as Chairman of the Executive Committee until the complete liquidation in 1985-6.

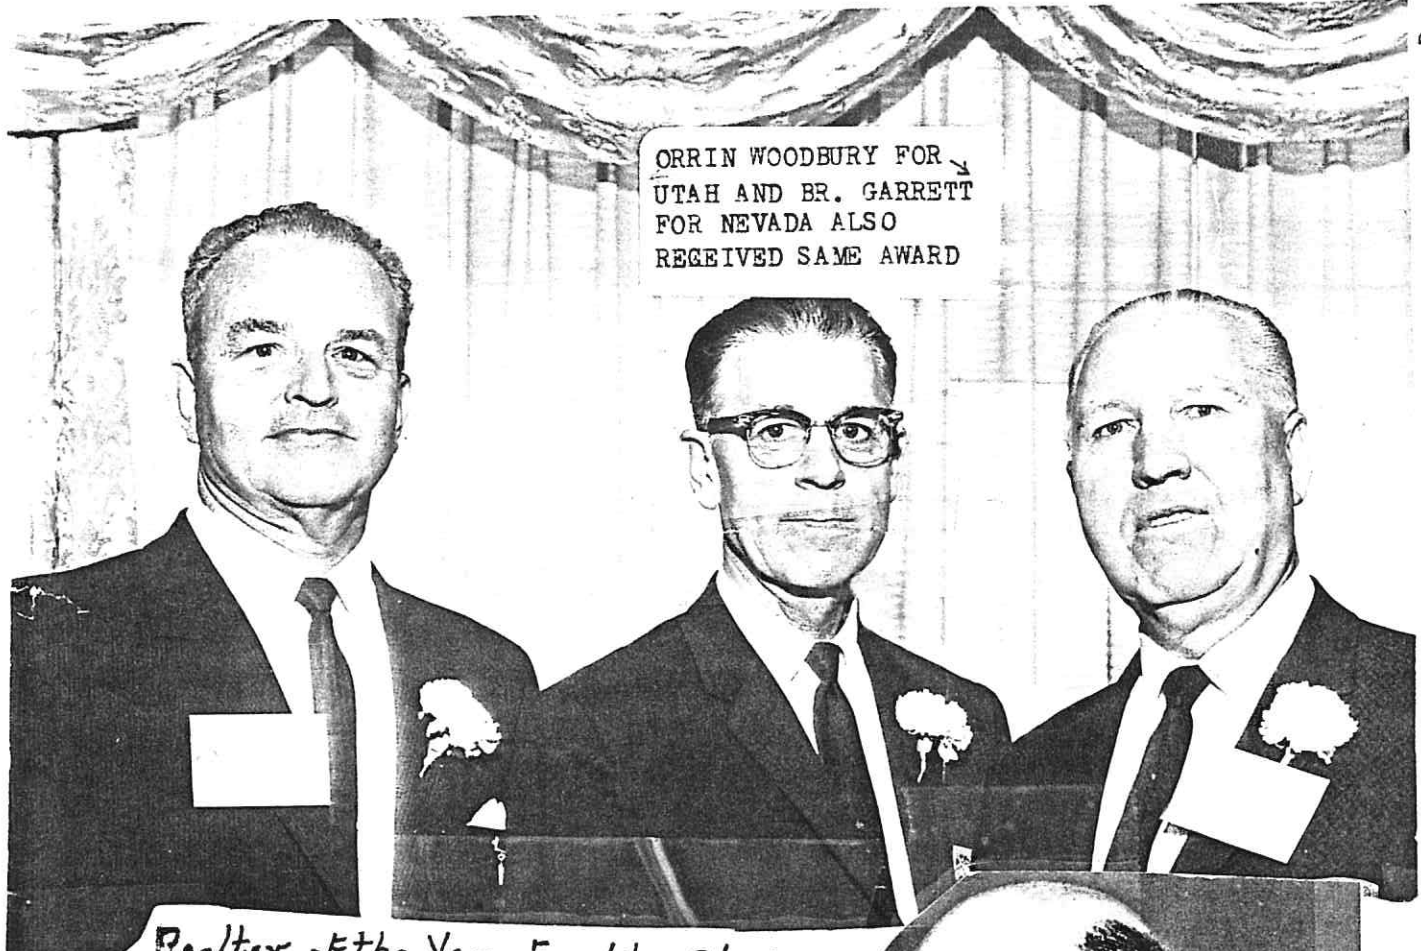

We expanded four times - 1. adding directional antennas to increase volume in a wider area; 2. adding F.M. Radio; 3. adding T.V.; 4. adding cable.

We have had studios in Idaho Falls and one in Pocatello. We have had two or three members from KSL - Bishop Wirthlin and Bishop Simpson - Arch Madsen and Gordon Affleck. This association is very interesting and enlightening. We have made plans together to render a service to the community and also to have a voice which would speak when the General Conferences of the Church were held and when the news of the Church and of the area was available. This has been a very important part of the population in this area.

In 1964 when President N. Eldon Tanner was counselor to President David O. McKay, we purchased the last of the Church's interest in KID and became independent.

In 1985-6 when we liquidated, shares of stock had been divided six times and incredible as it might seem, shares were now worth \$1600 - Originally we had paid \$100 for shares of stock.

"We wanted to make a meaningful contribution to Ricks College and in 1972 Paul and Zula Holm, Howard and Vera Price and Jennie and I gave the Avalon Apartments to the Church for Ricks College on a trust which left a life's estate in the income and then the entire value would go to the school. At the time it was said this was the largest gift given to Ricks College."

In the field of interesting and important community and business pursuits, - Along with President David Smith, President Arthur Schweider, Brother Joseph Elmer Williams, President Cecil E. Hart, and Guy Poulsen - we organized the Idaho Radio Corporation and purchased Radio Station K I D which was a small but thriving little radio station in Idaho Falls.

I became secretary of the corporation and later a director and treasurer of the corporation. I've enjoyed this association and we've expanded this corporation - It now has, of course, a TV station K I D as well as radion station K I D. We have studios in Idaho Falls and have established one in Pocatello.

We have had two or three members from K S L on the Board. Bishop Joseph L. Wirthlin was a member for many years and now Bishop Robert L. Simpson. Arch L. Madsen is a member as is also Gordon B. Afleck.

This association is very interesting and enlightening. We have made plans together to render a service to the community and also have a voice which would speak when the General Conferences and news of the Church and of the area were available. This radio and RV station could be depended upon to give voice and to be a friendly arm because we are a very important part of the population in this area.

(dictated some time later)

We joined with three others in organizing a cable TV company - each taking 25% interest in cable TV. The other three (besides KID) were: Post Company (Jim Brady), Robert Bauchman and George Hatch. Each of these four owners (KID, Brady, Bauchman and Hatch) put up \$25,000.

Altho the cable company borrowed extra money for expansion - the investment by the stockholders was only the original amount.

When the final sale was made each of the stockholders who had invested \$25,000 received \$2,700,000. That is just over 1000% increase.

Of course KID's share was divided among its stockholders.

Those associated with us in KID: David Smith, A.W. Schweider, Joseph Elmer Williams, Cecil E. Hart, H. Ray Hatch, Gordon B. Afleck, Joseph L. Wirthlin, Robert L. Simpson, D. F. Richards, Henry H. Bennett, Allen Jensen, LaVere Ricks, Warren Wright, Homer Satterfield, Perry Nelson, Grant Bickmore, Bud Wright -

A FAMILY INVESTMENT FUND

It has come to my mind that in the recent distribution of stock in the Bank of Commerce, we had provided the foundation for a family investment fund that might be of interest to you and your families. Some of you may have successful and individual programs for your needs and we trust all have savings plans and are putting aside something for the uncertain days ahead.

Over the years we have found it necessary to actually keep some savings and investments "out of reach" in order to not use them for extra things that we found we could do without.

The Bank of Commerce stock has been one such investment. We agreed to buy what we felt was all we could pay for, and it took us several years to pay for it. For the past almost 20 years the stock has been all paid for and it has been in a safe-keeping box. It has been out of reach and while I have served on the Board of Directors and been an officer of the Bank and have given some guidance and helped other capable officers and employees build the Bank, most of the earnings have been plowed back into the equity in the Bank. And so the stock has grown in value so now it is worth many times the price we paid for it.

It is the principal financial or material asset we have. And it is almost like nothing compared to our family and our other non-material blessings. That is one reason we have thought of sharing with you and trying to figure out a plan which you could carry on and set aside the stock we have given you, but also be encouraged to plow back the earnings and buy more until, in a few years, this could amount to something quite substantial. You can think about it and decide.

Joe can be the original manager and I, with Mom, will be advisors for the first year and then a more formal organization can be made for those who want to participate.

THE BANK OF COMMERCE - by D.V. Groberg

(copied from his handwriting-
no date)

The first mention of becoming interested and involved in a new bank in Idaho Falls came to me in 1958 - when Paul Holm (who was a close associate and a partner in land and property holdings) talked to me about it. He said the Idaho Bank of Commerce in Rexburg had discussed in a Board meeting that a new bank in Idaho Falls would be a good thing.

Paul was a stockholder and a member of that Board. He said Steve Meikle, Sr. would be willing to head the new bank and that the directors of the Rexburg bank were willing to put up capital but that it was important to have some local investors from Idaho Falls. He also said Steve Meikle, Jr., was even more excited and anxious to go ahead than his dad.

I told Paul I would be glad to talk to Steve Sr. I knew him and didn't know Jr. Sr. came into my office on "C" Street and we talked about the possibility and about the people and money that would be needed.

I knew Paul's confidence in Sr. and also felt he was an experienced and a successful banker. I told him Paul and I had talked about it and tho I didn't have a lot to invest I could raise some and I had a few friends who could invest substantial amounts.

Steve said it wouldn't take too much but good responsible local leaders would be most important. He said 2000 shares with \$100 for capital and \$150 for surplus and \$3 a share for miscellaneous expense. I suggested we (John and I) would take 100 and B.L. Harris, who worked with us, said he would take 100 - and A. W. Schweider, who was in the Radio Broadcasting with me, agreed to take 100. Then I suggested Cecil Hart, who agreed to take 100. Paul agreed to take 200. Steve's friends at the Rexburg bank agreed to take substantial amounts but Steve worked with them directly - I only knew two of them besides Paul - they were Del Taylor and Jack Harper from Driggs.

As we assembled the involved application, etc. Steve was a regular visitor and President Hart and I met and discussed the possibility of getting a local, experienced banker to help run the bank. We decided to consider Lloyd Hill who was with the Bank of Idaho. He had been with the original Bank of Eastern Idaho. Steve said for us to contact Lloyd. This contact had surprising results. He said he had just been offered a responsible position at the Boise headquarters of the Bank of Idaho and had accepted it, but he said if we needed another investor he happened to know Floyd Skelton would be interested. We were disappointed in Lloyd's prior commitment but gave the information about Floyd Skelton to Steve. They met together and Floyd agreed to subscribe to the new bank. I helped Steve with some of the details and soon realized he was working with three groups:

1. The Rexburg bank group
2. The Skelton and stockyards group
3. With our group.

Steve and I made a trip to Boise to visit with the Commissioner of Finance and the Governor, Robert E. Smylie. It appeared the charter had a good chance to be granted although the other banks had filed objections on the grounds that the banking needs in Idaho Falls were being supplied.

The matter of the officers and the Board of Directors had to be proposed. I suggested that Cecil Hart be on the Board and Steve said that would be fine but he said to me "You should be on the Board - in fact you ought to be Chairman of the Board." I asked about Floyd and he said o.k. I expect he had already discussed this with Floyd for he then said, "With Paul being closely associated with you and also with the bank at Rexburg and the other members of the Board all experienced, it may be well for the present to leave it now and there will be time for you." I really didn't care very much; it was interesting to be as much involved as I was and I knew I had learned a lot and that there were

very substantial charter members. (I did serve as chairman of the Board later) With all the applications in and with the proposed list of officers and directors and original charter investors we waited for the decision. One day I had a call from Mr. Burdick, the financial editor for the Salt Lake Tribune saying the Governor and Department of Finance had approved a charter for the Bank of Commerce in Idaho Falls. He then asked me who are the officers and directors and where will it be located. I remember I was gun-shy. I replied that he may know something that I didn't and why did he think I would know anything about that matter and if he had any information from the Governor and Commissioners of Finance, to quote them. Then he told me he had obtained the information confidentially and had my name as one who could give some answers. He closed our conversation by saying he felt sure his information was correct and he would release his article saying his information came from sources he felt were reliable but could not be named.

I was excited to see the paper. It carried the story - Idaho Governor's office ready to issue charter for new bank in Idaho Falls - more details to follow, etc. In the next few days the charter was issued for the Bank of Commerce with Steve Meikle, Sr. as president and Steve Meikle Jr., as vice-president and Richard Adams as trust officer and Bob Smith as vice-president and cashier and Jim Meikle as a loan officer. The Board was: Steve Meikle, Sr., Floyd Skelton, Paul Holm, Cecil Hart, Jack Harper, Del Taylor and Mr. Siddoway.

There was a lot to do to get a location and get ready to operate. A. W. Schweider and I served as a committee to arrange a lease on the garage building on the Northgate Mile. This was built by Dr. Fred W. Call on land he and Lou Larch had bought when the Yellowstone Highway was widened. I had worked out a friendly settlement with Lou and Dr. Call on the property several years before. Dr. Call wanted to build a garage or display building for the Chrysler dealer and also had a prospect of a service station for Standard Oil Company. In the meantime

the dealer had business problems and the building was available for rent.

The ownership was in Mrs. Call's and Bill's and Geraldine's names as Dr. Call had passed away.

We negotiated the lease and the building was remodeled by the bank. Steve Sr. had a company he felt knew how to adapt the building to meet the needs of the bank. A ten-year lease for about \$850 per month was made. A six-months time was given to be ready to open.

The official opening was held on _____ and Mr. Swendson, the state treasurer, came and made a substantial deposit. The charter was issued and the support papers carried the names of the charter members and the first directors and officers.

With the deposits of many accounts transferred from Rexburg by local people, the new bank started out with about two million in deposits. The new bank also had quite a few loans given from the Rexburg bank account. Some of these loans became some early problems - and some experience with loans on a farm outside our district. In our effort to work out a loan we took an 80-acre farm in Pocatello. I took a special interest in this farm and we leased it and sold off some small pieces and finally sold the remaining about 70 acres to a Mr. Clark for \$70,000. This sale helped recover a loan that was a problem. This purchase by Clark paid out on schedule. It was a welcome commission for our office - \$4,200. I felt I had given a lot of service to the bank.

The Bank of Commerce was the first banking office in the North Gate Mile and, for that matter, it was the only banking office outside of the down town city at the time the Bank of Commerce opened. It was the second state chartered bank - the Bank of Idaho was the other.

The Idaho First National was, of course, a national bank and the First Security was a national bank. It was a good location for the stock-yards and with a drive-

in window, it was handy for auto traffic.

At one of the first annual meetings of the stockholders all the original directors were elected. I was interested in being Cecil Hart was elected and Paul Holm. With the stock we had, together with B. L.'s and Bill Call's and Dr. Ellsworth's, we had more than enough to elect the two.

Steve Sr. had a desire to unite the Idaho Bank of Commerce and the Bank of Commerce. This was proposed and a vote taken. The proposal failed. Paul, B. L. and I and President Hart felt it was already too much Rexburg on the Board and in the management - Mr. Skelton and the family and associates at the stockyards very early began buying stock from the original investors. He made a general offer that if any wanted to sell he would pay one and one-half times what they had paid. Arthur Schweider and Mr. Siddoway gave a Floyd a right or option and soon sold out to Mr. Skelton, and quite early he and his group had nearly 30% of the stock. With this much ownership a proposal was made to increase the Board to nine members, and Floyd's group nominated four. They were; 1. Floyd, 2. Bob Smith, 3. Henry Bennett, and 4. Woodrow Arrington. There were ten nominated. All the other acting directors and then Del Taylor nominated Gayle Clements who was not present but had some stock.

This was a lesson in politics and voting in a banking organization. Ballots were used; each share of stock had the right to nine votes. The votes could all be given to one or divided. The outcome was that all the current directors were elected plus Bob Smith and Henry Bennett but Woodrow Arrington and Gayle Clements were not. So, the Board was: Steve Sr., Floyd Skelton, Cecil Hart, Paul Holm, Del Taylor, Jack Harper, Mr. Siddoway, and Bob Smith and Henry Bennett. I felt bad that Floyd had tried to bite off more than he could handle. Those of us who were anxious to see Cecil and Paul elected gave a lot more votes to them than they needed but by doing this we didn't leave any votes to divide with the others. B.L. who was a clerk to count the votes, told me we could have elected Woodrow and

still had Paul and Cecil.

At one of the next annual meetings the proposal was made by Floyd's group to reduce the Board back to seven. I was nominated and elected to the Board and replaced Del Taylor.

Steve Sr. died and Steve Jr. was made president of the bank and a member of the Board. Mr. Harper sold his stock to Paul. Paul and I called on the Clements to see if they would buy this stock and help keep the independent balance at the bank. They agreed and became very substantial owners. I think they also bought Del Taylor's stock.

The Board consisted of Cecil, Floyd, Paul, Henry, Bob, Steve Jr. and D.V.G. Steve Jr. sold out his family stock - some, I think, to Bill Call and maybe some to Woodrow.

Bob Smith gave us some problems and it was decided he should not be an officer or on the Board. And, with Steve leaving, we had a Board of Floyd, Cecil, Paul, Henry, Woodrow, Bill Call and Ernie Clawson.

Dear

All at once we are headlong into the new year with nearly three weeks already passed. The rest of the year is still ahead although in minutes, hours, days and weeks it is moving on.

Several days ago Mom and I set aside some shares of stock in the Bank of Commerce for you. Recently we received the \$4 per share cash dividend. This is an extra 1986 - 4th quarter payment but was declared to be available in January 1987.

We have had comments from some about the possibility of re-investing the cash dividends into additional shares or fractions of shares and having a fund that hopefully will grow. In talking to Joe about this, it appears there is a way to set up an investment fund just for family members and provide a plan for not only re-investing the cash dividends but also a means of making extra purchases of the bank stock.

In case this is of interest to you, we can set up a simple fund and each one can decide whether he or she wants to participate.

For the year 1986 - the growth of the stock will be about 15%. This is higher than we should expect each and every year - 10% might be a safer amount. If the increase in value is 10% that would equal over \$30 a share. It has had an annual growth rate of more than 10% during the past several years. One way to judge the future is by the past and the past growth has been very good. It is not likely the rate or percentage of growth will continue at the same rate every year for another 25 or 30 years. However, with the foundation laid and the momentum set, I can see the bank grow and the value of the stock increase in the future at a pretty good rate.

One way of looking at the potential of re-investing the dividends and also buying other additional shares, is to simply figure you will get, say 10%, on the re-invested dividends, as well as on the original stock, and also on any new purchase you make. Using \$300 as the value and market for each share, - and, say 120 cash dividends and suppose a \$180 additional investment - at the end of one year - would be $4800 \neq 480 \neq 120 \neq 180 \neq 30 =$ \$5,610 in possible value and in just one year with only a \$180 payment - and, of course, that would not be necessary for if you didn't make any additional cash payments, the increase would be over \$600. The reason the figures show up this way is we have used \$300 as the value of the shares to start with instead of the book value which is about \$320. If we used the book value of \$320 and $\times 16 =$ \$5120 $\neq 512 \neq 120 \neq 12 \neq 180 \neq 18$ this would equal

\$5,962
-5120 to start with
<hr/> 842 - increase
300 put in by dividends and cash
<hr/> 542 growth and interest income

There is something about compound interest that causes us to wonder. If you owe interest and interest is added on, as it is in most credit card accounts - you pay interest, then pay interest on the interest and finally you pay off the original amount. But, in the meantime, the interest plus the interest on the interest, made a large total required. Now the investment turns the tables and you get the interest earnings on the stock and you get interest earnings on the growth as well as interest on the dividends, if they are plowed back. This is the way interest can work for you and not against you.

If this formula proves about the way it will go, the approximately \$5000 you started out with will be worth \$10,000 in about six years and \$15,000 in eleven years and \$20,000 in fourteen years and over \$25,000 in less than seventeen years. It is not that each original 16 shares is worth five times as much, but each will be worth more and also you will have more shares and each will be worth more. That gives a little lesson in growth by the principle of compounding.

It is fun to build a castle in the sand and to see how good it looks, even though it may not stand up when the wind blows or when it rains or when the tide comes in. In a way it is fun to build an investment - even though there may be winds or storms that may alter the best laid plans. Still, without plans and dreams and willingness to build upon as firm and as tried and proven foundation as we can figure out, some of the good things would not happen and, of course, with the best laid plans the results may not be right on target as hoped and projected, but they will be much better than if you didn't try - and didn't make and follow thru on well-thought-out plans.

As I look back at the things that have worked out well in our saving and investing programs - the principle that has almost always been involved, is to work with it and just let it grow, - and never be so anxious to hurry and cash in that we would kill the goose that would lay the valuable egg. I have seen many who would have been much more successful if they had not become too anxious to get what they could right now instead of being willing to stay with it and wait for the harvest and the project to mature and ripen.

Using the 10% increase per year and assuming you also plowed back the dividends and enough more to buy one extra share each year - at the end of twelve years you would own $16 \times 12 = 28$ shares and each share would be worth about \$1000. If each of the eleven did this, there would be $28 \times 11 = 308$ shares at a value of about \$300,000.

By the time the children go to college and on missions, it is likely this will be just a good start, but it will not need to be everything. You will have other funds and the children will save and there will be some scholarships and work opportunities.

We would like to see this just as a supplemental fund that gives a certain amount of experience and makes it a little easier to feel free to plan and work and succeed.

Dear

The enclosed copy of stock certificate No. for sixteen (16) shares of the capital stock of the Bank of Commerce is your notice that this stock has been given to you. The original certificate has been signed by each of us.

The book value of these 16 shares is about \$5,000.00. The stock is not traded on a regular market as it is closely held by the original investors and their families.

We helped organize the bank nearly thirty years ago and were charter incorporators. I have been a director almost from the beginning and have enjoyed helping and watching the bank grow and become a well-respected and reliable full-service bank. There are now six offices or branches - in Idaho Falls, Shelley and Ririe.

We are delivering the original stock certificates to Joe for safe keeping. He will be able to turn the stock to you and help you have it issued in your name on the records of the bank.

As long as Dad is on the bank Board and an officer of the bank, our hope is that you will keep this stock and help it grow in value. Dad will be glad to counsel with you further on this.. The dividend will be paid each quarter- the 4th quarter dividend is paid right after the first of January. It will be a \$4 per share payment and is an extra as the 1st, 2nd and 3rd quarters the payment has been \$1 per share. This makes \$7 for the year and is not very high. However, the stock is a growth stock and most of the earnings are being plowed back into the undivided profits. That is the way the bank has grown and the value of the stock has increased. It might well double many times in the future so it may be very wise to keep this stock and receive the dividends and have the growth. Should you need or want to sell for any reason, we will make a market at the book value for at least the first year or two. It is likely there will be a regular market in the future as the stock gets a wider distribution - also other changes may come in the financial markets.

Owning shares in the bank has been an education for us in this interesting business. We are quite sure you will also find it an added experience that will extend your understanding of one of the basic financial services provided by a bank.

Let us know if you have questions or suggestions and do know always that we love and appreciate you very much and extend our good wishes for Christmas and all the New Years ahead.

Always,

Sent to all the children MOTHER & DAD GROBERG

1982

by Delbert V. Groberg

Jennie and I had both had the blessing of working and paying our own way from our youth. This made the things and opportunities we received more meaningful and more appreciated and more valuable to us. We wanted to share these feelings and these blessings with our own family.

As our children came and we had the thrill of caring and providing for them we started right in planning and saving not only for the present relatively small needs, but for the future substantially greater needs - for family outings, vacations, travel, education, missions, marriages, obtaining homes, furniture, business and professional opportunities, etc. We felt there were almost limitless horizons before us if we were prepared.

We put regular funds into savings, insurance (we always felt it was better to have insurance and not need it than to need it and not have it) - safe investments, etc. And as soon as the children were able to handle piggy banks we taught them to save and participate for their own future needs. As each received gifts from grandparents and other relatives, each had his own savings account and each learned the thrill and responsibility of handling his own money, paying his tithing, preparing to pay his own way (as far as he could) and also being able to contribute to others in need. Home tasks, paper routes, delivery jobs, lawn, garden, yard work, etc. were eagerly pursued.

By the time the older children were ready for college and missions, there were funds set up from their own savings (and from our agreed-to "matching amounts" - so there were never thots that a mission or education would cost more than we could afford. For, in the main, they had already been provided for by our joint effort. Every one felt a vital part of the total plan for the entire family.

It was thrilling to have the events unfold on schedule. The first three missionaries were out together for part of the time. For nineteen years we had one or more on their first missions and by the time the eighth was on his first mission the first was on his second mission (three have served as mission presidents full time - John, Dee and Joe - Dick served as stake mission president here)

And, of course, there was college and beyond - (all eleven are B.Y.U. graduates and several have masters' (or equivalent) degrees and four have doctorates - David, Dee, Joe and George and also Julia's husband Bob Blair) - and there were marriages and all the events and needs that we had expected and planned and hoped and prepared for.

Thru the years our health was generally good; this was a blessing. Our work was regular and rewarding. We all cooperated and enjoyed working as a family. We have kept some records and we did set up budgets. However, costs and earnings both increased but by working and planning together we had sufficient to care for our needs and we still do.

In fairness to those of our own children and grandchildren and others of their age who ask how much does it cost, we need to answer - it costs much more now than it did thirty years ago. But we feel the same principle will apply: If you have the desire and plan and work together in the framework of gospel teachings and living, you can do what is necessary and have sufficient for your needs.

***Regarding my health I did have an accident that required I spend 40 days in the hospital and several weeks of recovery - Then a few years ago I had a pace-maker put in to help my heart function better - but have experienced heart-concern

When we add up everything it has required to see our family of eleven children and fifty-five (to date) grandchildren, and two (to-date) great-grandchildren, to this point, after just fifty-two years since our marriage, we realize that by planning and by abundant, continual blessings from the Lord, we have had sufficient for our needs, whatever and whenever that happened to be, and the promise is being fulfilled - we are indeed having joy and rejoicing in our posterity.

Some have asked, "How much has it cost to have and raise a family the size of yours?" Our quick answer from the heart is: "Only a very small fraction of what they are worth."

* * * *

To this date - February 14, 1992 - we have eleven children - sixty-three grandchildren, thirty-seven great-grandchildren -

We had seven sons and one daughter go on missions - We have had grandchildren and in-laws and counting myself and my father and Jennie's father - and the others we claim about forty-two missionaries -

Speaking of B.Y.U. and our gratitude for it - we have been privileged to support and contribute to this great school thru the years. Most recently we were able to finance the construction of the Brimhall Gallery on campus and also to publish ten volumes of President Brimhall's life and works and put copies of these volumes in the Gallery and also in the Lee Library and other places to be available to bless others. President Brimhall is Jennie's grandfather.

We the People

Washington's Bicentennial Inauguration a National Event

When George Washington journeyed from Mt. Vernon to New York City to be inaugurated as the first President under the new Constitution, he received a tumultuous welcome in the six states along his route. (See *We the People*, May 1989, for a full report of the Journey to the Presidency.) But many states not along the route wanted to be a part of the commemoration and so created their own observances to honor the founding of the Presidency.

The governors and legislatures of 26 states issued proclamations and planted cuttings of English Boxwoods, taken from Washington's Mount Vernon estate and provided by the custodians of the mansion, the Mount Vernon Ladies' Association. Planted on capitol grounds or historic sites, the cuttings will serve as reminders of the Virginia gentleman who set the nation on its course.

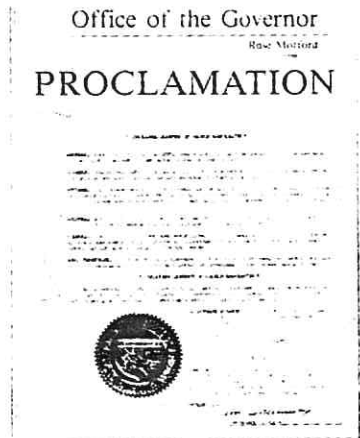

Other communities sponsored exhibits, buried time capsules, hosted local reenactments, and organized programs and contests in schools to mark the 200th anniversary of Washington's inauguration. As one local coordinator put it, "This will give people a firsthand opportunity to participate in this historical commemoration."

Washington's Inauguration is reenacted on the balcony of the city hall in Idaho Falls, Bonneville County, Idaho. (Washington was portrayed by Lt. Col. Ron Christensen.)

WHEN JENNIE AND DELBERT AND DEE VISITED ST. PAUL'S CATHEDRAL IN LONDON -

THE GUIDE TOLD US THAT CHRISTOPHER WREN,(ARCHITECT FOR REBUILDING THE CATHEDRAL AFTER THE BIG FIRE) WAS THE GREATEST OF ENGLISH ARCHITECTS. SOME-ONE ASKED WHY THEN THERE WAS NO MONUMENT OF HIM? THE GUIDE SMILED AND REPLIED: "JUST LOOK ABOUT YOU AND YOU WILL SEE HIS MONUMENT." HE POINTED DOWN THE STREETS TO HOMES, CHURCHES, ETC. ALL DESIGNED BY WREN, AS WELL AS THE CATHEDRAL.

I (JENNIE) RECALLED THIS AS I PONDERED OVER WHAT DELBERT HAS GIVEN TO THIS COMMUNITY - BEING AWARE OF MANY HOMES, CONDOS, BUSINESS BUILDINGS, APARTMENTS, THAT HE AND HIS SONS HAVE BEEN INVOLVED IN - INCLUDING CHAPEL & TEMPLE SITES - THEN I REALIZED HIS GREATER CONTRIBUTIONS MAY HAVE BEEN IN HIS SERVICE TO THE COMMUNITY - AS PRESIDENT OF THE CHAMBER OF COMMERCE, KIWANIS CLUB, COMMUNITY CHEST, REALTORS, APPRAISERS, SELECTIVE SERVICE BOARD, JUSTICE OF THE PEACE, AS ONE OF THE FOUNDERS OF THE BANK OF COMMERCE, K I D RADIO AND TELEVISION, AS CHAIRMAN OF THE IDAHO CENTENNIAL COMMITTEE FOR BONNEVILLE COUNTY, AND OF BICENTENNIAL ACTIVITIES HERE FOR THE DECLARATION OF INDEPENDENCE, CONSTITUTION, BILL OF RIGHTS, ETC. - CONSTANT SUPPORTER OF BOY SCOUTS, ETC. ETC. OF COURSE HIS GREATEST DESIRE ALWAYS HAS BEEN THAT HE AND HIS FAMILY WOULD BE EXEMPLARY CITIZENS OF THIS AREA AND OF THE UNITED STATES OF AMERICA - AND OF THE CHURCH TO WHICH THEY GIVE FULL ALLEGIANCE.

FOLLOWING ARE SOME EVIDENCES OF HIS COMMUNITY SERVICE EFFORTS WHICH HAVE AFFECTED THOUSANDS - HE ALWAYS IS FIRST TO GIVE ALL WHO SERVED WITH HIM, FULL CREDIT FOR ACCOMPLISHMENT AND ABOVE ALL TO FEEL HIS GENUINE LOVE AND APPRECIATION FOR THEM.

LAST EVENING WE HAD LEW'S CHILDREN TO HOME EVENING. I ASKED HOW MANY LOVED GRANDPA - WITH BIG SMILES ON FACES, EVERY HAND SHOT UP QUICKLY! THEN I SAID: IF I WOULD ASK THAT QUESTION OF THOSE WHO HAVE WORKED WITH HIM IN CHURCH, IN COMMUNITY, IN BUSINESS, I BELIEVE I WOULD GET THE SAME RESPONSE FROM ALL - WITH A BIG SMILE ON EACH FACE - EVERY HAND WOULD QUICKLY BE RAISED -

Non-denominational religious Bicentennial program planned

A non-denominational religious meeting will be held Sunday, July 4, in the Idaho Falls Civic Auditorium at noon "to praise God for the blessings He has bestowed on the nation during its 200-year history."

The religious meeting is part of the Idaho Falls Bicentennial celebration. The public is invited.

It will begin with the ringing of the replica of the Liberty Bell at the same time that the original Liberty Bell in Philadelphia is being rung marking 200 years of freedom.

The audience will then join in singing "America the Beautiful."

The Idaho Falls South LDS Stake Youth Chorus will sing "The Battle Hymn of the Republic."

Benediction will be pronounced by Haruo Yamasaki.

Usherettes will be the Liberty Belles. Some 20 antique cars will be on display in the parking lot, and the drivers and riders in these cars will be in early-day costumes.

This will be followed by organ prelude music of a religious and patriotic fervor played by Joe L. Marker, organist and religious editor of The Post-Register.

Singing

At 12:15 p.m. the Idaho Falls South LDS Stake Youth Chorus will sing "My Country 'Tis of Thee," with the audience joining in singing the last verse.

Invocation will be offered by the Rev. George Foster Jr., pastor of the Solid Rock Church of God in Christ.

The audience will be welcomed by Delbert V. Groberg, chairman of the Bonneville Bicentennial Commission.

"The Lord's Prayer" will be said in the American Indian sign language by Frankie Williams of the Shoshone-Bannock Tribe.

The Rev. James H. Smith, pastor of St. Paul's United Methodist Church, will speak on "An Inspired Document of Freedom."

The Sons of Norway Chorus will sing "You're a Grand Old Flag."

"America, the Lord's Melting Pot" will be the topic discussed by Capt. T. J. Wadsworth, executive director of the Bonneville Bicentennial Commission.

The Community Choir from the Solid Rock Church of God in Christ will sing a spiritual.

"One Nation Under God" will be the theme of the address by Arthur W. Sadler, the oldest living scout.

This will be followed by a Pledge to "Old Glory" by the audience.

AMONG THOSE who will participate in the Bicentennial Sunday, July 4, community religious meeting in the Idaho Falls Civic Auditorium starting at 12 noon are from left, Huck Yamasaki, Rev. George Foster Jr. of the Solid Rock Church of God in Christ, Rev. James H.

Smith of St. Paul's United Methodist Church, and President Delbert V. Groberg of the Idaho Falls LDS Temple and chairman of the Bonneville Bicentennial Commission. (Post-Register staff photo)

President George Bush
Washington, D.C.

Dear President Bush:

With millions of other fellow citizens in this great and good country, we congratulate, welcome and support you as you become the 41st president of these United States of America.

In a letter to members of our family (who are now located in eight states here in these United States and in ten foreign countries) we included a message about you and your inauguration. It seems to us it is of special significance during this bicentennial year of the inauguration of Washington to the same high office.

It is also interesting that of all the 41 who have held the office of President of the United States, only you, the 41st, and Washington, the first, have the first name of George.

We feel this office with its awesome responsibility is entitled to the support, faith, and prayers of all of us.

May Providence also "guide you every step of the way" as George Washington reported of his experience.

Sincerely,

Mr. and Mrs. Delbert V. Groberg

Dear Mr. Browning

Here are copies of Idaho Falls
news paper reports on the Bicentennial
of the first inauguration of George Washington.
Some of the T.V. stations made video recordings
of the re-enactment of the event - the home
that had word their pictures or other
information would be collected by your
national commission on these ongoing
commemorations. We expect some news
will be appreciated - it is part of the
nation wide celebration of the important
series of Bicentennials -

One news broadcaster commented
that Idaho Falls & New York were two
cities that held live ^{re-}productions
of the 1789 inauguration - I am
sure there were many other ^{at other} events ^{places}
is a major effort for ^{keep the} Bicentennial
celebration moving & the appreciation
the opportunity to be a part of it.

George Washington

1989

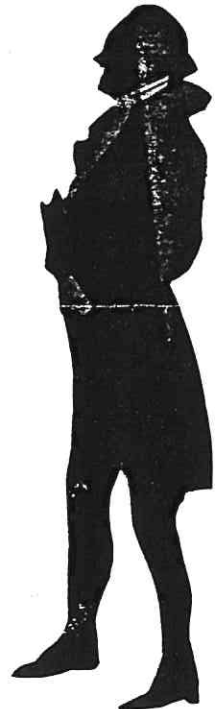

George Washington was 57 years old when he was inaugurated President of the United States. He had been unanimously elected by the Electorcal College. Washington was informed of his election at his home, Mount Vernon, Virginia, on April 14, 1789. He left Mount Vernon on April 16 for the capital, New York. He had many receptions, dinners, and greetings on his way to New York. Dignitaries met him at every town and there was a continuous guard of honor along the route. It took him a week to cover the 200 miles to New York.

He was inaugurated by the Chancellor of the State of New York, Robert R. Livingston, at Federal Hall on Wall Street. He then gave a short address that contained a few broad recommendations. He then shook many hands and left the hall for Saint Paul's Chapel where he attended an Episcopal church service.

BENJAMIN FRANKLIN

April 13-1990

THE 200TH ANNIVERSARY OF THE DEATH OF BENJAMIN FRANKLIN

1987 to 1991 is the five-year period designated to commemorate the events connected with the preparation and adoption of the U.S. Constitution. The signing of the original document in 1787 was the starting period and the ratification of the Bill of Rights (the first ten amendments) in 1791 was the final step within the designated time.

Many very important events have been commemorated during this period including the election of George Washington as the first president; the forming of the departments of government -- the legislative, the judicial, and the executive branches; the selection of Washington, D.C. as the location for the nation's capital; etc.

Because Benjamin Franklin was so prominent during the Constitutional Convention and made several significant contributions, it is most fitting to refer to the letter to Franklin by George Washington in 1789:

"If to be venerated for benevolence, if to be admired for talents, if to be esteemed for patriotism, if to be beloved for philanthropy, can gratify the human mind, you must have the pleasing consolation to know that you have not lived in vain."

The self-composed epitaph on the grave of Benjamin Franklin follows:

THE BODY
of

BENJAMIN FRANKLIN, Printer,
(Like the cover of an old book
Its contents torn out,
And stript of its lettering
and gilding)
Lies here, food for worms.

Yet the Work itself shall not be lost:
For it will (as he believ'd)
appear once more
In a new
And more beautiful Edition,
Corrected and Amended
by
The Author

Benjamin Franklin died April 17, 1790 -- 200 years ago -- a date to remember during this Bicentennial. He was the oldest man who took part in the Constitutional Convention and who, as governor of Pennsylvania, was host to the historic convention in Philadelphia.

Feel free to incorporate this letter, as a teaching tool, in any manner you deem appropriate.

Sincerely,

D.V. Groberg,

Dear Brother Groberg:

What a tremendous job has been accomplished in Idaho Falls with the celebration of the founding of America. I don't think there is a community anyplace in the United States that has made the people more aware of the blessings they have received under our banner of freedom.

Thank you for sharing the information you recently sent to me. I hope you will look at the Church News Section, which will be coming in the middle of September. The whole center section will be designed for a remembrance of the Bill of Rights.

Again, congratulations for your many successes.

Sincerely,

My Faith and Testimony

I know our Heavenly Father lives and that He is really the Father of our spirits. We are His children and we have the capacity to grow to be like Him.

I know Jesus is our Savior and that He lives and has power over death. He wants us to obey His laws for our own good and fulfillment.

I know Joseph Smith Jr was a true and faithful Prophet.

I know President Spencer W. Kimball is a true and a faithful Prophet today. I love him and I know that he loves us.

With a heart full of love and gratitude I bear this sacred witness to all of our dear family members

IT IS THE NEAREST PLACE TO HEAVEN ON EARTH AND THE PLACE OF BLESSINGS FOR TIME AND ETERNITY FOR YOU AND YOUR FAMILY FOREVER."

I KNOW JESUS, THE SAVIOR LIVES; HE TALKED TO AND TAUGHT THE PROPHET. HE IS ABLE TO DIRECT HIS KINGDOM THRU HIS LIVING PROPHET, SPENCER W. KIMBALL, WHO, I TESTIFY, LIVES NEAR TO THE LORD AND IS CARRYING OUT HIS CALLING IN THE WAY AND MANNER THE LORD WANTS HIS WORK CONDUCTED IN THIS DAY AND TIME.

I KNOW THAT MY DEAR WIFE AND OUR FAMILY ARE MY BLESSINGS AND MY CONSTANT JOY AND RESPONSIBILITY. THE LORD HAS PLACED THE FAMILY AS THE BASIC ORGANIZATION OF HIS KINGDOM. NO OTHER INTEREST, ACCOMPLISHMENT OR SUCCESS WILL EVER COMPENSATE FOR NEGLECT OR FAILURE IN THE HOME. I LOVE MY DEAR WIFE AND COMPANION AND OUR FAMILY. IN THE NAME OF JESUS CHRIST, AMEN."

"BECAUSE MY PARENTS DIED WHEN I WAS VERY YOUNG, IT WAS MY OPPORTUNITY TO ASSOCIATE CLOSELY WITH GRANDPARENTS AND ESPECIALLY HERE IN IDAHO FALLS WITH MY GRANDMOTHER BRUNT WHO HAD COME HERE IN 1885 WHEN MY MOTHER WAS A PRE-SCHOOL CHILD. GRANDMA'S FRIENDS WERE MY FRIENDS AND MANY OF THEM WERE MUCH OLDER THAN GRANDMA. IT WAS A REAL PRIVILEGE TO GET WELL ACQUAINTED WITH MOST OF THE PIONEERS OF THIS VALLEY. I FELT A REAL GRATITUDE FOR THE SOLID FOUNDATION THAT WAS LAID FOR US TO BUILD ON. THEY USED MUSCLE AND HORSE-POWER AND LONG, HARD HOURS OF WORK TO BUILD ROADS, CANALS, BRIDGES AND RAILROADS AND HOMES, SHOPS AND BUSINESS BUILDINGS."

MISSIONARY SERVICE IN THE DELBERT V.

AND JENNIE H. GROBERG FAMILY

by D.V. Groberg-Dec. 1991

Starting with grandparents and even great-grandparents our family has been influenced by the missionaries of our Church of Jesus Christ of Latter-day Saints. It was thru the missionaries that our English, Swedish, New Zealand and New England ancestors listened and accepted the message of the Elders and joined the Church and came to Zion and it was in New England, New York and Nauvoo that our Holbrook and Brimhall ancestors received the gospel message and joined with the saints and came with them into the valleys of the mountains.

From these valleys representatives of the second, and third and fourth and fifth and now the sixth generation have made a good start of going into all nations carrying the message of love and truth and the restoration of the divine Church with all the keys and priesthood and organization that existed in the Church when the Savior called the Twelve and gave them the power and authority to seal on earth and have it sealed in Heaven.

Grandpa John Enoch Groberg, my father, went to Sweden, the land of his parents and grandparents 85 years ago and Grandpa Lafayette Hinckley Holbrook, Grandma Jennie's father, went to New Zealand about the same time. In 1925, 60 years ago, I went on a mission to the Eastern States. Then, returning home and getting married to my sweetheart, we made plans to build the kingdom at home and abroad. As the children came we started a family fund for missions, also for schooling and for getting started in a home. In our hearts we had faith that if we showed our desire and readiness to build the kingdom at home and abroad all other blessings would be added. We have not been disappointed.

Missions have not detracted or deprived any of schooling and missions and schooling have added rather than interfered with winning loving companions and establishing homes and proceeding to also build the kingdom at home and abroad.

From our count the 5th and 6th generations have carried the message as missionaries to about 20 countries in 14 languages and in 27 individual missions. This counts Jean - Sharon - and Jeanne on their missions and counts John - Dee - and Joe as having two missions each - one as a young Elder and one as a mission president. It does not count their children altho they have engaged in missionary activities while living in the mission field in Tonga, in Japan and in Peru.

The time spent in the missionary service is about 70 years.

The cost based on an average and not an exact figure - say \$3,000 per mission - $27 \times 3000 = \$81,000$. 70 years $\times 12 = 840$ months @ \$100 per month = \$84,000. Value of time contributed using say \$300 per month = $300 \times 840 = \$242,000 + \$84,000 = \$322,000$.

These are just figures based on estimates that are likely on the low side. The actual value is much greater than these figures.

For a while John, David and Mary Jane were out at the same time.

If you could have in cash now the full amount of the cost and the earnings you did not receive - Mary Jane 18 months $\$1800 + 5400 = \$7,200$ - to give up the experience, the joy, the service, the friends, etc. of your mission - ? ? "Not for many times that!" John - 3 years - $\$3,600 + 10,800 + 10,800 = \$27,200$ What kind of temptation would it be to you to have someone offer you \$27,200 in exchange for all the joy, experience, service and blessings you gave and the growth you received on your missions? "Not for that - not for twice or 10 times" David - 24 months @ 100 = $2400 + 7200 = \$9,600$ - If you were given a proposal to accept \$9,600 in exchange for all the joy and service and memories and friends and experiences and faith and testimony growing events - you would say "it is not a temptation, etc. I would not exchange. Satan is the only one who might make such a crazy proposal - He thinks people would sell or give up anything in this world for money."

It is true the cost to those who have served as presidents - costs and lost earnings, etc. would substantially increase these rough estimates. Even if those much higher figures were used the service to others as well as the growth and development and blessings to yourselves are not measured by price of material things.

As for Grandma and me - we have so much more in joy and gratitude for your lives and service than the cost in dollars spent - if we could get back the full amounts we have paid - in exchange for having any of you miss out on your mission - we would have no hesitancy in saying that we have all the material blessings that we need and we would not consider getting back the amounts we paid for the missions - or any amount for in any way removing the missions.

Today is August 13, 1974 in Idaho Falls, Idaho. It is almost a year since our youngest son, George Holbrook Groberg, returned from his eventful and blessed mission to South-East Asia-Indonesia mostly, where he spoke Malay, and then the last seven weeks in Southern India where he tried to communicate with the members in Tamil - What a wonderful experience was given him. He left September 22, 1971 and was released September 4, 1973 and chose, with full approval of his mission president, to return home via India, alone. Our hearts were full of gratitude and rejoicing at the great privileges he had been given and at the strong young Latter-day Saint he had developed into, ready and eager to prepare for even greater service in building his Father's Kingdom.

Today I am reminded that there need be a more complete record of all the missions of our family members, - such a tremendous and rewarding part of our family living.

Delbert had recently returned from his mission to the Eastern States, with its glow still about him, when he and I were introduced at the registration desk at B.Y.U. He will have more to say about the mission in his own personal history. He served under President B.H. Roberts and also Pres. Rolapp. As District President, one of his big assignments was the building of a chapel at Verdunville, West Virginia. Following will be pictures of some of his special experiences while in the Mission Field.

All of our sons and one daughter have filled full time missions. We are including sample farewell programs, letters, special accounts. Each has his own missionary story to tell and will do so in the right way.

These missions have been family affairs - each of our families uniting day and night in special petition, as well as letter-writing. What a blessing these missions have been to all our families. After the completion of some missions Dad and Mother accompanied the missionary home, after a sight-seeing tour. I met Mary Jane in Ireland and we toured Europe. Dad met John in New Zealand (after his mission in Tonga) - he met Richard in Finland, Joe in Peru

and Lewis in the Philippines. Dad and Dee and I met in Japan and toured 29 countries of the world in about six weeks. These special experiences are recorded elsewhere. Dad has always been an excellent provider, as these trips suggest (but also wise in the spending of money).

John H. was our first missionary, leaving here on August 17, 1954 to spend three years in the Kingdom of Tonga.

David left for the Southern States Mission on April 11, 1956 and returned March 18, 1958.

Richard H. was called to serve in Finland on June 25, 1958 and was released December 30, 1960.

Delbert H. was called to serve in the Northern Far East Mission (Japan) September 4, 1960 and served three years. Created language program for mission.

Joseph H. served in the Andes Mission (Peru) from June 11, 1962 until February 1965 (mission extended a few weeks -served as Assistant to President)

Lewis H. served in the Southern Far East Mission (later divided and in Philippines Mission) -Dad met him in Manila January 25, 1969.

George H. was called to the Southeast Asia Mission and flew to Indonesia September 22, 1971 and was released September 4, 1973.

Barry J. Stratton served a mission in Germany.

Jon C. Hubble served his mission in Brazil Central Mission.

Robert W. Blair served in the Finnish Mission (Counselor to Mission President).

Achim was a constant missionary and enjoyed serving on Stake Missions. I believe he is doing missionary work now in the spirit world -perhaps to the many he has done research and Temple work for on this earth--his own kin.

March 15, 1992

Anna Marie Groberg just received her mission call to Moscow, Russia - She is to enter the MTC in Provo next May - to Russia in August. She is the daughter of Joseph H. and Jeanne Pratt Groberg.

Geoffery Nelson Groberg - is working on his missionary papers - He will be 19 March 25. He is the son of Delbert H. and Sharon N. Groberg.

Benjamin Wallace Blair - is in Moscow, Russia with his parents Julia G. and Robert Wallace Blair. We are told he is filling out his missionary papers there.

An outstanding faith-rewarding experience of my mission occurred during the last two months of the mission. I had worked diligently and fasted and prayed throughout the mission to see the fruits of my labors. When the following experience came, it was answer to the prayer. As I recall, it came right after some negative responses along the same street, where we tracted door to door. From my missionary journal I have excerpted the following story.

Under the date of March 3--Mother's Birthday--1958, Belfast, Northern Ireland:

"What a wonderful day! We met Mrs. Stewart, who has read the Book of Mormon and gained a testimony of it. We were interested in her story. Four years ago Elder Burnett (Dallas Burnett) and companion lent her a book, called back, and explained to her and her husband a few teachings. Then when they called to pick up the book, it had been lent to her mother, so she retained it and read it. About two months ago, she got "reinterested" in it, studied it, and prayed for help in understanding it. When we spoke to her, she sounded real enthusiastic about it, and well-informed due to careful reading of it. We gave her the "one Church" lesson....

"March 7. Thanks be to God, we've got another good family, the Stewarts. She is trying to give up smoking. He questions everything. I loved them immediately. We presented a "Building Faith in God" lesson....

"March 9, Sunday. We took Mrs. Stewart, 53 Wandsworth Rd., and her children, Rex and Maxine to Church on this snowy Sabbath morning. Brother Mateer's lesson on the purpose of the church seemed well-suited to her. The little girl cried, although the boy was happy with his new friends....

"March 14. We had Mr. and Mrs. Stewart tonight. He's terrific! He can't believe in Bible, but would like to believe in it and Book of Mormon. He's a striking tall man with keen eyes. And he drives us home in his car. She said she was very disappointed with Church, but her son Rex won't let her miss next Sunday a.m. We're sorry she's disappointed. But we still love her....

"March 16. We had an investigator out to Church this morning, Mrs. Stewart and her two children, Rex and Maxine. Her husband drove us over. The said (in answer to my prayer this morning that she would have peace and happiness) that she had had a feeling of peace and happiness today....

"March 20....We had an hour's chat with Mrs. Stewart in afternoon. She has many sincere questions--said the thing that most impressed her about church was first Elders. She wanted her boy to grow up like Elder Burnett.

"March 21. Stewarts tonight (O. C.). We socialized some--drank Postum. I'm hopeful we left a good feeling. I pray for her, who is sincere and prayerful.

"March 24...(Elder Hodgson) also gave me some suggestions --taking turns reading, stressing obedience, etc. Also not going abruptly back to subject, when led off it, but gently moving back. Arriving home, I found a letter awaiting that Mom considers meeting me here. Won't that be nice....

We continue meeting with the Stewarts. Mrs. Stewart is working faithfully to keep the word of wisdom, and she and her husband are discussing the missionary lessons together with us, and Elder Hodgson, too is visiting them with us. We also are having visits with other investigators and members.

"April 4. Today was very wet and cold....The evening we had planned to meet Elder Hodgson at Stewart's at 9:05. We were detained at Skillings so arrived at 9:20. Then with Book of Mormon scriptures I gave a revelation lesson. Mr. Stewart argued quite a bit against accepting God or the Bible. Elder Hodgson helped him. We hope it pushed them in the right direction. Next stop, at 10:30 was supper at Skillings. Maybe sacrilege, but I laughed because at Stewarts I was tired from running, gave an unrehearsed though somewhat studied lesson, had extra reason to be nervous for having to leave early and had DP (District President) there. But, oh well, the important thing's the Contact and the Lord....

"April 11....Stewarts on Apostacy onight. She is concerned because she has felt "empty" since Sunday....

"April 14. Monday. Because of an upset tummy I spent a restless night and "laid in" this a.m. Then we called on Mrs. Stewart, and discussed conference and ironed for her. And she said, ever since her husband had told President Hodgson he didn't believe in God she'd had that empty feeling. We talked about the Holy Ghost and testimonies. The children took part in showing us their toys....

"April 15....Mom wrote of definite touring plans. Love work and people.

"April 18. We met with Stewarts--First Restoration tonight. Elder Hodgson accompanied us. We had a lovely time. I feel the Stewarts enjoyed the evening. What a wonderful gospel! We can rejoice together. In the mail came a letter notifying me my mission officially ends May 1....

Mother arrived on April 25, and that evening accompanied us to teach a discussion at the Stewarts'. On Sunday April 27 we went to Church together, in the Stewarts' car. After Church we went to their home and visited long about the gospel and taught the restoration lesson, and she said she would think about being baptized the next week. She feels ready for baptism. "They've been inspirational to us...." She decided the next day that she would be baptized Wednesday April 30.

"April 30. Wednesday, and the last day of my mission. Made eventful and happy with many lovely friends, both members and contacts, and the baptism of Sister Stewart. She was baptized by President Hodgson...and it's Goodbye to all. But Mrs. Stewart refused to say "Goodbye." Her husband looked very nice when we returned. We hope he's in in a few months or sooner."

Mr. Stewart drove Mother and me to the airport. We shared this experience, the culmination of my mission, as this was the only one of the many investigators my companion and I taught that I saw baptized.

(Mother's comment: The District President called me into his office (so Elders (would not hear) and confided that Mary Jane was without question the finest missionary in his district - tops in every way.

WHILE JOHN AND JEAN WERE PRESIDING OVER THE TONGAN MISSION THEIR FIRST SON - JOHN ENOCH GROBERG - WAS BORN TO THEM. IN THEIR HISTORY FOUND IN OUR 1984 FAMILY REUNION BOOK THEY SAY;

"Grandma Groberg was in Tonga for the important event and all seemed well as the supposedly healthy ten-pound boy arrived on March 17, 1968. But within a short time problems became apparent....horrible rash...violent vomiting..... dehydrated terribly...grew weaker and weaker...After being up with him three days and nights it seemed the end was near. The morning of the third day a knock came at the door and a Tongan messenger from the mission simply said, 'President, we thot you would like to know that John Enoch will be okay but you should take him to America.' John Enoch spent 48 hours until the next plane out -in the 'hospital' with an I.V. tube into his ankle to rehydrate him so he could make the trip."Then he, Jean, Grandma Groberg and John left for Fiji where John stayed and rest went on to America. John sent the following account in a letter from Tonga -;

"20 May, 1968 *Nuku*

The meetings Sunday were wonderful - an excellent turnout and the spirit was really fine. I spoke in the morning and then about 10 minutes at the close of the p.m. meeting. There was hardly a dry eye as I expressed our thanks and appreciation to them for their fasting and prayers on behalf of our little John E. They really felt the spirit of gratitude. I told them he was o.k. Then I explained my feelings about watching you leave from Nandi - and how I traced the lights of the big jet until I could see them no more...the most beautiful words in Tongan came to my mind. The theme of the conference was on families - importance of the Priesthood in the home, etc.

I explained how I watched the lights of the jet take their place among the stars of eternity - bearing my loved ones - The eyes of my understanding were opened and I realized - What are all these stars? - what is a star? a man and a woman - who love each other with all their hearts - who faithfully raise a family and love them with all their hearts - who fear God and keep all his commandments - with all their hearts - and prove by every sacrifice that they will heed his counsel and abide thereby in all things. Yes, that's what the stars are - that's what a star is - a man - his wife - their family - faithfully in the Lord....

I wish the conference could have been taped - but it wasn't. I doubt I could or anyone could - repeat those words again - but the feeling was there - the Spirit bore a powerful witness to all of the importance of the family and the truth of the request for all to look in at family - and gaze at the stars and honor the Priesthood, etc.

I came right home and fell to sleep for an hour or so before being able to go on with the other meetings.

28 May, 1968

We had a wonderful conference at Vaini last week-end. It was very well attended and the Spirit was as strong as at Nuku'alofa the week before. I gave my regular talk in the morning and felt that was to be all but the people had heard of the comments I gave at Nuku'alofa and even tho I gave them the list as to the last speaker - I found them still asking that I take the last few minutes. I obliged and again felt a real surge of spiritual strength as I recounted the limitless potentials to families wherein the man loves the woman with all his heart and the woman loves the man with all her heart and they love their children with all their hearts and they all love the Lord with all their hearts - for the Lord loves them with all his heart. Such a family sphere grows in light and truth until it truly shines forth in the firmament above and is indeed heaven itself - eternity and worlds to come."

7. Tribute:

I would like to pay special tribute to my wife, Jean. I have read and studied some about the trials and privations of the early pioneers - women giving birth to children in the wilderness, enduring much pain and discomfort in travel, etc., yet still remaining true to the gospel cause. In my humble opinion my wife, Jean, has endured as much and been as faithful and as cheerful as any pioneer or other women in the Church.

She has endured countless unaccustomed-to hardships, including long tempestuous sea voyages, often with a small baby at her breast. She has cared well for a small family during countless days of her husband's being away. She has adjusted to strange circumstances, strange food, strange language, and climate and customs. She has tenderly cared for the sick - not only her own children, but many others. She has given birth to a son under the most primitive of circumstances. She has watched death stalk the young infant, yet has combined her faith and fasting and prayers with that of thousands of others and witnessed the power of God restore life from certain death. She has been separated from her family for long weeks and months while needed care was given her only son.

Yet through it all she has never once complained. She has in fact been so cheerful, so certain of God's over-ruling Hand, that her influence for good, not only upon her husband and her family, but upon the faithful people of Tonga and Fiji has in itself been a great mission for good and has forwarded God's purposes among those faithful people as little else could.

While I may be somewhat prejudiced, some of my deepest feelings about our mission to Tonga are of my wonderful wife and her intense devotion and faithfulness through much testing and trial. And of our children, who though young in years were faithful and true to the trust given them and who through the angelic influence of their mother also performed a great mission for good.

8. Conclusion:

There are two Tongan sayings that we found most important:

1. Tonga - Mo'unga ki he loto. Meaning Tongans can reach any height they desire, if their heart is in it.
2. Tonga moe 'Otua ko hoku Tofi'a. Meaning, Tonga and God are my inheritance.

We found that when properly motivated (by living in tune with the Spirit of God) the Tongans did indeed put their hearts into their work, thereby reaching heretofore unprecedented heights - and truly found God as their inheritance.

Dear Mom and Dad,

I have often felt very close to the Lord, and this is the greatest feeling I have been able to experience. Today and last night have been very choice because during these times I have felt closer to Him than I ever have before.

In my last letter I mentioned how happy we were because of the coming baptism of Larry Arnold. He was baptised Saturday, and confirmed Sunday. It was truly a joy to see this fine man humbly submit to the commandment of the Lord, but it was even more of a Joy to feel the happiness it brought to him and his fine wife. He has told us that this was the happiest day of his life, and that he is determined to do all he can to live in accordance with the teachings of the church and to obey all the council that is given to him by the leaders of the church.

We drove down to Macon to perform the baptism because several members of the family (sister Arnold's family live in Macon) were going to be in Macon for the baptism of some other relative. You already know how much I love the people in Macon, so you can understand how happy I was to go there for this baptism. There was a wonderful spirit present at the meetings at Macon. Being with these beloved Macon brothers and sisters and sharing the joy of the newly baptised members of the church combined with the overwhelming love that has been growing so very rapidly within my bosom for my Father in Heaven --and consequently for all my fellow men--and having been the instrument in His hands through which three of the sacred gospel ordinances were performed, left me overwhelmed with a deep Joy and a "peace that passes all understanding". I wish that I could feel like this every moment of my life: It is such a marvelous feeling.

Tonight sister Arnold told me that she was very discouraged and completely frustrated about her husband's attitude, and that while she was praying last Tuesday night for help from the Lord she looked up and she saw me standing a little above her and in a soft voice and with a warm smile I told her that she could rest easy this night: Larry is going to be baptized THIS week end. I don't know what I was doing there, but I do know that he was baptized this week end, and that she didn't worry or doubt any more after Tuesday.

The Lord has certainly been good to us. If you could have only seen the happiness in the eyes of these new converts and their families, and in the eyes of my companion and President Bunker...

I certainly did enjoy those letters from New Zealand. I can just picture you, Dad, as the great good will ambassador among the South Sea Islands with your son. We will probably feel the repercussions of that wonderful trip with John for many years. I feel a love for your family that is hard for me to understand. Especially for your mother and father. I have felt very close to them on several occasions, but I haven't wanted to talk about it. It may be that the only pictures I have seen of them have left such a vivid picture in my mind--the pictures always bring an association of their goodness--that in my sleep and subconscious mind these memories come alive and my imagination fills in to make it very real...or could it be that they are really not very far away...?

LOVE,
DAVID

A SHORT TALK GIVEN BY RICHARD H. GROBERG AT THE MISSIONARY FAREWELL OF HIS BROTHER, LEWIS H. GROBERG, HELD IN THE IDAHO FALLS THIRD WARD, JUNE 19, 1966:

77

When Lewis called to inform us that he had received his mission call, he asked us to guess which mission he had been called to. Well, we didn't know exactly how to guess, there are so many of them now and he suggested we try the last place we could think of. Well, I didn't know which extreme to try so I tried Billings, Montana. He said, "No, be serious now--it's the other extreme." So I tried a few others and it didn't take very long until we got to Hong Kong, the Southern Far East. At the time it seemed to Lewis and to me too, and I'm sure to many others, that Hong Kong is a long ways and it is very different. And this is true, Hong Kong is a long ways and it is very different. But to those of you who have been there, Hong Kong isn't so far, and the Southern Far East, in time, - it is only but a few hours. After Lewis has been there for a while, Hong Kong (or wherever he has been sent in the Southern Far East, will possibly, and more than likely, seem more like home than many other places, including this home.

When Lewis is set apart as a missionary he will receive many responsibilities and lots of opportunities, but whatever assignments are given to him, they will all be with the idea to preach the Gospel and to build the Kingdom of God on earth. He may, or may not, receive assignments similar to Dad - When Dad was in the Eastern States Mission a few years back, to hitch hike from town to town and set up conferences and other Church meetings. He will possibly receive assignments like Mary Jane - when she was in the British Isles where she rode a bicycle from one cottage to another and knocked on the doors and explained to the people who she was and what she was doing there. It is rather likely he will receive assignments like John and go from island to island in a boat and blow his trumpet to call the meetings and tell the people of the Tongan Islands that the missionaries were there and they had a message for them. Maybe Lewis will be called like David at times to give fiery speeches, as was the custom in the Southern States where David served. I doubt, Lewis, that you will ever sit in a Finnish Sauna as I had the opportunity of doing - the sauna, which is the Finnish steam bath which is more sacred to the people than their church is, in most cases, and tell the people that you're Americans and the message which we have -- Or like Dee, in Japan, drawing visual aids, and chalk talks, etc., in the streets, to slow the people down a little bit so they would listen to his message. Or maybe, I don't know, if you will have opportunity like Joe, of doing some ground work for a new mission, as Joe did when he served in the Andes.

But all these assignments are for the same purpose--they all will be important assignments. And Lew, just one message, if you will follow and obey the counsel of those who are over you, I'm sure that you will have a very successful and a very profitable $2\frac{1}{2}$ years as a missionary. And I'm sure this is very applicable to all of us. If we will follow the counsel give us--we can follow that which is printed in the Standard Works, which is given us by the General Authorities of the day, and we will obey the counsel of the Stake and Ward leaders, that we also will have a very profitable and happy life. And this I say in Jesus name, Amen.

78 TWO MORMON CHURCH AMBASSADORS (REP.) IN JARVENPAA

"It may seem strange to many people that Missionaries would come to this type of a Christianland like Finland but our message concerns the restoration of the Authority of God to earth in these latter days through a prophet whom God chose for this purpose."

These are the words of Richard Groberg and Robert Gardner who are young American men and represent the Church of Jesus Christ of Latter-day Saints. They also called in at our newspaper office. They are the previously mentioned Church representatives who have come into our country where the Church has been in operation from the year 1946.

So that they can serve their own Church they sacrifice from their own time $2\frac{1}{2}$ years which is the time that their stay in our country demands, then they will return to their homes in order to continue their studies which have been interrupted. These young men are from the Western United States. Mr. Groberg is from Idaho Falls, Idaho and Mr. Gardner is from New Port Beach, California. They have been in Finland for 2 years and have just come to Jarvenpaa to be here in their own behalf about $\frac{1}{2}$ year. During this time they will reside privately with a family.

Their purpose here is to meet Finnish people in their homes and tell them about the Restored Gospel of Jesus Christ. May it be mentioned that in Finland there are about 1400 members and 17 branches throughout the country. Last year new chapels were built in Laiti, Pou and Hameenlinna. In addition to these, four more modern chapels will be ready for use this year in Kuopio, Joensuu, Oulu and Lappeamanta.

Dear Mom and Dad and Family,

I and about 20 other supervising elders from all over Japan went to Tokyo for a special supervising elders' conference. I got to see many of my old companions, etc.

Do you know why that meeting was called? Because a new era in the Northern Far East Mission is being opened! Things are being revolutionized. I'll tell you just what happened:

President Andrus stood and said: "We've called this special meeting of the supervising elders for the purpose of putting Japan in a new era. An amazing thing happened last year. In December in Asahigawa -- a branch never famous for many baptisms before -- 4 missionaries baptized 22 converts into the Church! 22 in one month!! And today we have with us Elder Groberg to tell us how they did it."

Well, it was quite a surprise to me. But I got up and told the group how we had worked the referral system in Asahigawa. Then for about two hours the whole group, including President Andrus, fired questions at me. Two of the other elders who were there with me came to the front and helped in the discussion. When we finished, President Andrus instructed all the supervising elders to go back to their districts and start the referral system in all branches!!

That was about the way the meeting went. Now I am in a branch which was closed because it couldn't produce!! It's been re-opened for 4 months and has had but 2 baptisms during that time.

I guess I feel the same as Steven Covey did when he was made Mission President - he said: "I am inspired and challenged by the heaviness of responsibility."

We'll do it.....somehow! ! Love, Dee.

P.S. it hasn't come yet. \$\$.

TOKYO, JAPAN—Unusual success is being enjoyed by the old and new missionaries of the Northern Far East Mission with the recent introduction of a new systematic language learning program.

New missionaries, after being in Tokyo headquarters for two days, are able to contact people on the streets of Tokyo and ask them the two "golden questions" in Japanese. With a few more days intensive study, they can introduce themselves, bear simple testimonies, make appointments for cottage meetings and carry on simple conversations. Before this program of concentrated study was introduced, new missionaries were waiting months before actively participating in proselyting.

All new missionaries are now spending five to seven days living in the mission home at Tokyo while taking a concentrated language study course. They are introduced

to the various textbooks for study, given "flash cards" for memorization with greetings and everyday conversation on them. They are instructed how to listen to and imitate words and sentences which are on tapes. Each missionary quarters is provided with a tape recorder and a set of tapes which contain the missionary lessons.

After being in Japan for only two days, a group of four new missionaries were able to get 30 cottage meeting appointments by contacting people in a park, and the next day this same group arranged almost 50 cottage meeting appointments after conducting a street meeting. A good percentage of these contacts came to Church, and several are now studying diligently with the missionaries. A few weeks earlier six new missionaries had accomplished the same type of missionary work. One contact made by this group is now baptized and participating

actively in one of the Tokyo branches.

Elder Delbert H. Groberg of Idaho Falls, Idaho, a traveling elder in the mission, has organized this language program and has directed it throughout the mission under the supervision of Pres. Dwayne N. Anderson. Elders Barlow Packer and James Peterson IV have assisted in directing the language activities in the mission home.

This new program is not an "easy method" designed to cut down the hard work entailed in learning the difficult Japanese language. It is rather a directive method which

guides the missionary's efforts toward "what to study" and "how to study" to bring language efficiency. Missionaries learn and practice giving in Japanese the cottage meeting lessons to each other. The program encourages the missionary to use the language constantly. Only by talking can one learn to talk and only by teaching cottage meetings can missionaries become effective in teaching.

Missionaries are grateful for the new course in learning the difficult Japanese language which helps them become useful sooner in spreading the Gospel.

INTRODUCTION AND SUMMARY CONCLUSIONS

From Dee's report to
the General Authorities

I feel about my mission in Tokyo South from July 1978 through June 1981 much the way the sons of Helaman must have felt about their mission to the Lamanites: *Mosiah*

"And now, these are the words of Ammon to his brethren, which say thus: My brothers and my brethren, behold I say unto you, how great reason have we to rejoice; for could we have supposed when we started from the land of Zarahemla that God would have granted unto us such great blessings? And now, I ask, what great blessings has he bestowed upon us? Can ye tell? Behold, I answer for you; for our brethren, the Lamanites, were in darkness, yea, even in the darkest abyss, but behold, how many of them are brought to behold the marvelous light of God? And this is the blessing which hath been bestowed upon us, that we have been made instruments in the hands of God to bring about this great work. Behold, thousands of them do rejoice, and have been brought into the fold of God." (Alma 26:1-4)

At the same time, I feel like Ammon when his brother, Aaron, rebuked him for being carried away to boasting.

"But Ammon said unto him: I do not boast in my own strength, nor in my own wisdom; but behold, my joy is full, yea, my heart is brim with joy, and I will rejoice in my God. Yea, I know that I am nothing, as to my strength I am weak; therefore I will not boast of myself, but I will boast of my God, for in his strength I can do all things; yea, behold, many mighty miracles we have wrought in this land, for which we will praise his name forever." (Alma 26:11-12)

I feel that the things which have happened in the Japan Tokyo South Mission were a MIRACLE and certainly the miracle was performed by the Lord.

INCREASED NUMBER OF CONVERTS

The Japan Tokyo South Mission was created on July 1, 1978 from parts of the Tokyo Mission and the Nagoya Mission. During that first month, July 1978, we had 13 convert baptisms, which was about average for the missions in Japan at the time, considering the number of missionaries we then had. That number increased steadily and by the spring of 1981, during the final months of my tenure, we had over 1,000 convert baptisms coming in each month, with the total reaching nearly 12,000.

INCREASED QUALITY AND RETENTION

Of the 11,989 convert baptisms which came into the Church over this three year period, well over half of them were adults, and over 75% of them were male converts. The retention was as good or better than has ever existed in the Church in Japan. Sacrament meeting attendance

Dear Parents and others,

This has been a hectic week and I have come out with mixed feelings of success and failure. We sincerely wanted to get several baptisms among them one very special young man named Hugo. He has been attending church and studying for sometime now and has a testimony that would challenge any that we elders have but he is not 21 yet so he needs his parents permission. Last Saturday he decided to travel home (he lives in a small village away from Mollendo) to ask permission from his father. He and all the elders in Mollendo fasted for two days before he went and just before his bus left we knelt down in his bed room to pray. He offered the most beautiful prayer I have ever heard an investigator offer. He thanked the Lord for the restored Gospel and asked that he might have a good spirit with him as he spoke to his father and that his father's heart be softened so that he would give permission for his baptism and if possible that his father also be converted to the Church. He ended his prayer so remarkably saying, "We ask these things in the name of Jesus Christ, because He Himself has told us that we must ask the all things in His name, having faith in Him; and Father, I do have faith in Him and His restored gospel. I doubt not at all." He told me later that he arrived home with the complete faith that he would receive permission. He spoke with his father all that afternoon and the next morning and was denied permission to be baptized. His father said that it didn't make any difference whether one was Mormon or Catholic and since he was born Catholic he could stay that way. Hugo was disappointed and could hardly believe that he could not be baptized but still has a great desire and Faith that he will soon receive permission somehow. He is a very special person and the Lord will not let his faith and honest desires go unnoticed, I am sure.

by a cut-up back and some were 1700. How many he intended to permit that meeting
 which we had in the closing seconds 6-6-66 and went on to join in the meeting 80-66.
 like success is just around the corner in Mollendo.

April 7, 1984 - Lima, Peru

(copied from Joe's handwriting)

.....We are so grateful for your short visit here and especially for your great examples. The next day I had planned to visit the Campoy branch - newly organized a short while before. I did not know the way to the rented chapel but set out in that general direction expecting - as you have shown us by example - to somehow find the way.

Sunday - March 18, 1984 - Campoy -

"We said goodbye to our beloved and exemplary parents a little before midnight on Saturday, had a good night's rest and this morning, Sunday, the miracles continue. The daily, hourly, constant helpfulness from above when one has the privilege to walk and work and live in the atmosphere of God's love, his power and his purpose. But not really from above but from all around us - from everything and every one - from the very flow of time; from bumpy roads; from the dust and sun; from the broken-down hovels of bricks and sand from which people peek as we edge up their street, obviously uncertain of where we are, uncertain of where to go - not lost - but waiting for a sign of what step to take next - In the bright sunshine a plain door opens and from the darkness inside a girl emerges, then another, then their mother, each dressed and walking as if to Church. I watch until I have confidence enough to ask. In the meantime the father has fallen in behind. They climb aboard and together we make it to the Church on time." This is a little episode from the day after you left. I don't know if you'll get the story - but the idea is your splendid example.

Thanks and love, JOE

Dear Brother and Sister Groberg:

It has been a privilege and blessing to have had the opportunity of having your fine son, Elder Lewis H. Groberg in the Philippine Mission.

In all of his callings he has served faithfully and shown real qualities of devotion and obedience. As an effective senior companion to many elders he was able to help their missions to be successful and happy also. While here in the Philippines Elder Groberg has had the opportunity of working in many areas and meeting many fine people. His services and devotion are greatly appreciated by many who listened to him teach the Gospel, as well as those missionaries that he worked with. We hope his good experiences will remain with him.

As he returns home we pray that he may always continue faithful and have many other opportunities for church service.

We express our love and appreciation for your inspired leadership and support which prepared and supported him in this wonderful work. He has been valiant and true to your family, ward, stake, and church standards. We are happy that he has desired to do this work and has filled an honorable mission.

Sincerely your brother,

Dear Family,

June 25-

I'm in Singapore now. We left Jakarta last Wednesday morning without any complication on our exit permits. Singapore is a beautiful city. I'd forgotten such things as drinking water from the tap, grocery stores, etc.

About India -we've had a little trouble in getting the visas. I went to the High Commission and told him the truth about the purpose of our trip and he seemed very skeptical about it as I had to change the "purpose of journey" section on the questionair. I put down, "to study the customs and culture while associating with a friend from the Church to which I belong." Anyways, they still wouldn't give us a visa, just like that. They sent a telegram to New Dehli and we haven't got any reply yet. Meanwhile we've got our plane reservations for July 3... In the end we may go just as tourists on a one-month visa.

Tamil is a tough language. It's been about four months now since I first started to study it but up till this last week all my studying has not amounted to much. I understand everything (just about) in the grammar but I only know about 1800 words so I can't say much yet. If I know the words, though, I can say about what I want...Our address will be: c/o Coimbatore Club, Tamil Nadu, India. -

We're trying - Please keep us in your prayers. I feel all will go o.k.

Love, George S.S.

When Lewis completed his mission in the Philippines, he was met by Dad and they toured there, Thailand, Singapore, Indonesia, clear to Tonga, etc. Dad had been reluctant to visit some of these countries but how thankful he was to Lew for insisting when our next and last missionary was called to that area-mainly Indonesia.

I can't recall any of our missionaries being more in demand to give firesides, show all his things from the Philippines and explain about the church in his mission, than Lewis, and he has always done an excellent job of it. His home is delightfully decorated with some of his souvenirs. And he has generously shared with us some of their beautiful handwork. There is more about Lewis and his mission elsewhere.

Our youngest son, George Holbrook, left for his mission to Southeast Asia -Indonesia--about September 22, 1971. Enroute he visited in Tokyo with Dee's family, living there, and with John H. and Marilyn his daughter, who were visiting. George was prepared all ways, physically, spiritually, etc. He expressed himself in Indonesian at his farewell, held in the 15th Ward Chapel in Idaho Falls, Idaho. We taped his remarks and treasure that tape. We met his Mission President in Salt Lake, Millard Shurtliff and his wife. Area and population-wise this was probably the biggest mission in the Church. There were unique problems. It was soon divided and the Thailand Mission formed and now the Indonesian. George had some challenging and rewarding and growing experiences. His constant prayers and ours ascended together, many prayers of gratitude as well as prayers of petition. His letters came each week and were copied (edited first) and copies sent to other family members who kept in touch. This has been the case since the first missionary gave us this opportunity to support and participate in his mission. All our testimonies were strengthened. George had a very special privilege to learn another language (Tamil, spoken in Southern India) and fly there, under the direction of President Shurtliff, to learn about a group of saints living around Oimbadore who had been baptized by Mission President and others but due to

89 poor communication (even the Mission President did not speak Tamil) it was decided to send George and Elder Hallam from Spanish Fork, Utah, into India to investigate and to organize some branches of the Church. He mastered (somewhat) the language, which alone was a seemingly impossible feat, but with the Lord's help nothing is impossible and, also with the help of the Lord, they went into India, only as tourists. They were not able to proselyte but did do as directed and organized some branches. They flew to Ceylon ^(Sri Lanka)

to renew their passports and were so impressed with Ceylon that they suggested it be considered for later proselyting. George spent about seven weeks in India, then toured India and came home via Europe. Feelings associated with these experiences are too deep and precious to adequately express. We do express our realization that George has been tried and proven and we know our Heavenly Father has found him deserving of even greater privileges and challenges in the building of the Kingdom. He is all parents could hope for in a son.

Dearest Grandson Del, our first grandson missionary,

Grandpa and I are both still all smiles! Guess why? Because you have been called by the Lord thru his Prophet to serve a mission for him in Ecuador and because you are so qualified in every way to serve him excellently. Thanks for being just what you are and for also being our grandson.

How well I recall when Grandpa G. and Joseph returned from South and Central America at the close of Joe's mission and after greeting both in Salt Lake, Grandpa wanted to tell me first of all about the little Indian village of Otavala--of the superiority of the Indians there--there have been few times in my life I have seen Grandpa pause for tears when he was relating something (He usually tells jokes!) but when he told about how fine and clean and wonderful these "Otavalan" Indians were, he wept--and I was really touched--then he told me in greater detail about all they did there--about the need for the language because so many of them could not communicate in Spanish --we have some pictures of Otavala--have you ever been there? A side from meeting his missionary son, Joseph, Grandpa was most impressed with Otavala--of course everything Joseph had touched went right to his heart too--so the feeling we both have experienced since hearing you were going to Ecuador, is special indeed--we're not sure about the language --you do know a bit of their native tongue don't you, working with your Dad? Is it "Quechua"? Do you leave for Ecuador on September 5, or just enter LTM then? "ouldn't it be great if your Dad could get the native tongue into the hearts and on tapes, paper, etc., of the Elders? Well, we will be anxious to hear more about it all--when you have time. We're also planning on all of you coming here for at least a week--end before you go.

We want you to feel the sincerity of our prayers--the gratitude ones, too.
Love to all, Gr. & Gr. Gr

To each of our beloved children
and your precious families -

On this Season of Glad tidings
of great joy - we wish each one a very
Merry Christmas and a happy New Year!

Our heartfelt desire to give gifts
at Christmas time must come naturally
to us as we think upon the Birth of the
Savior - the greatest gift of all, and His
life and sacrifice and His Gift of the
Atonement - His example of unselfish
service and love - and all that He has
given us. The teachings as found in the
Scriptures - and as President Benson has
lovingly counseled: "The Book of Mormon
is a gift delivered by an angel and
translated by the Gift and power of God
to help us live closer to the Lord by
following its precepts: all of us will
be blessed and happy and fulfilled
by continually living closer to the Lord.

This gift is given with love to help
carry on the Christmas Spirit both
now and in the future.

With Love & Gratitude to each of you.

(typed from Dad's handwriting)

My dearest Jane,

I have just finished reading the two big boys and Mary a few verses from Guest. One that pleased them very much ended:

"Your life from babyhood to now
Has known the sweetness of her care,
Her tender hand has soothed your brow,
Her love gone with you everywhere.

Through every day and every night
You've had an angel to adore you.
So bear in mind, I once was right -
'Twas I who chose your mother for you."

I never cease to marvel that I had the nerve to ask and that you had the faith to accept - for it did take a lot of nerve to ask you to marry me and it took a lot of faith for you to accept and come with me.

This anniversary will mark 15 years since our wedding day - June 11, 1930.

The experiences and joys and children that have come into our home have packed the years plum full of happiness and opportunities and responsibility.

You have been a real mother to the children and, in fact, you have been a mother to me too. That has added to your job but you have not complained. How much is 15 years? not in days or months but in the things we have been permitted to load into that period. The measure is hard to take, it is so different from just inches or feet or pounds - but some of the contents can be named if not actually measured or evaluated.

The foundation role of sweethearts becoming husband and wife and father and mother sets the stage for the things that are to go into our 15 years, - home, children, health, companionship, friends, livelihood, responsibility and love. These have the same measurements as given on the ideal day for the airtrip - "ceiling unlimited" - That is my thought of our lives and our work. There are no real hindering times

hope to find the rest

25 Years after marriage - Dearest Jane -

You have been so constant and devoted to the great purpose of our union - that after the first quarter I stand in love and gratitude at that which we have to show for our united effort.

Most of the credit goes to you and your clear vision of lasting values. You have kept the candle of truth burning and have never doubted.

I love you for your beauty, your loyalty, your companionship and your great motherhood -

Now that Julia and Bob have honored you with the new calling - "Grandmother" - this adds to my love for you - Happy next quarter to my sweetheart -

If you see in the "Lady with the Candle" a study in light - it is for an anniversary gift. (a beautiful oil painting which we both treasure still in 1989 - hanging in our living room)

May 19, 1975

Tonight I saw nobility with her queenly beauty, Presiding in the kitchen-
A meal all prepared for a beloved family - Every detail was ready,
Including the special lesson for Family Home Evening-
I called to remind the family that we were ready and waiting -
They had some illness and had forgotten.
With the table all set - and the food all prepared-
There just had to be a disappointment
All that extra work and preparation
But Mom just took the disappointment in her great big stride-
"And we had such a good lesson - I'll give it another time -
And I am so grateful to our loving family -
I just hope the children get well soon" -

Dearest Jane —

One of the greatest joys I can think of is to be with you at home, at work at the Temple — and with our family — I honestly can't think of anything more enjoyable than what we are doing together —

I am so sincerely proud and grateful for you and all you are and for your love and wisdom and companionship — I love you with all my heart, I always have and I always will —

Happy Birthday

IDAHO FALLS, IDAHO — 1ST BICENTENNIAL COMMUNITY IN NW. U.S.A.

I am so ¹⁰⁰ joyfully pleased and
so happy with Life - June 11, 1911
and I owe for this feeling
to my wonderful wife -
whom I married in the Temple
I am proud to say
just exactly forty seven
years ago today -
Time has made her more
precious and lovelier too

I love my darling my
sweet heart for sure
and I will for forty seven
times forty seven hundred
years more -
I'll be in our eternal youth when
this earth is turned into Heaven
I'll count the years and have
them produce like they did for
these first forty seven!

AFTER RECEIVING WORD OF THE PASSING OF MY SISTER MARY MAXWELL, I AM AWARE OF ETERNAL
VALUES AS I ADDRESS: MY BELOVED HUSBAND ON FATHER'S DAY -

JUNE 19, 1977 - FATHER'S DAY --SUNDAY

101

HAPPY FATHER'S DAY TO THE FATHER OF OUR ELEVEN PRECIOUS CHILDREN AND THE GRAND-
FATHER OF OUR FORTY-FIVE GRANDCHILDREN, WITH MORE TO COME. OUR PARENTHOOD IS,
OF COURSE THE GREATEST THING WE SHARE --THE WAY TO OUR ETERNAL JOYS TOGETHER -
I CANNOT IMAGINE A MORE IDEAL FATHER THAN YOU AND WHAT A STRENGTH AND PRIVILEGE
AND BLESSING IT HAS BEEN THRU THE YEARS TO WATCH YOUR FATHERHOOD IN ACTION --THE
FACT THAT ALL OF YOUR CHILDREN AND GRANDCHILDREN LOVE YOU SO TRULY AND SEEK SUCH
FREQUENT COUNSEL FROM YOU MUST BE COMPLETE PROOF THAT YOUR HEAVENLY FATHER IS
VERY PLEASED WITH YOUR FATHERHOOD. BUT TODAY IS JUST THE BEGINNING AND THE
EFFECTS OF YOUR TEACHING AND YOUR EXAMPLE WILL BE MORE AND MORE MANIFEST BUT
YOU WILL CONTINUE TO BE THE WONDERFUL FATHER AND GRANDFATHER YOU ARE --AND MORE.
AS WE COMPLETE OUR FAMILY HISTORY (AND PERSONAL) FOR NEXT CHRISTMAS, WE WILL
DISCOVER HOW BASIC YOUR INSPIRED FATHERHOOD HAS BEEN TO ALL OUR SUCCESSES --
I SUPPOSE I HAVE TAKEN IT FOR GRANTED SO MUCH THAT I HAVE NOT ALWAYS EXPRESSED
THE DEEP LOVE AND GRATITUDE I FEEL TO YOU AND FOR YOU --TO HAVE ANY OTHER SPIRIT
AND LOVE AND EXAMPLE IN OUR HOME THAN YOUR SUPERB SPIRIT AND LOVE AND EXAMPLE
HAS NEVER BEEN CONSIDERED BUT RIGHT NOW AS I RECALL THE QUESTION: "WHAT WOULD
THE WORK OF THE LORD AND WE BE WITHOUT THE TEMPLES?" I SHOULD CONSIDER WHAT
WOULD MY LIFE AND MY EFFORTS BE WITHOUT YOU --UNTHINKABLE OF COURSE --FOR INDEED
WE ARE AND MUST CONTINUE TO BE AND INCREASE IN BEING, ONE, UNITED, TOGETHER--
THIS IS THE LORD'S WAY AND HOW BLESSED WE ARE TO HAVE IT ALSO OUR WAY.
HOW PROUD YOUR OWN FATHER MUST BE OF YOU --AND AS YOU RELATE JOHN'S IMPRESSIONS, I
OFTEN THINK OF YOURS --YOUR OWN FATHER'S APPROVAL AND LOVE AND GRATITUDE BECAUSE
OF YOU --AND GRANDFATHERS TOO -
AS IS TOO OFTEN THE CASE NOW, THERE SEEMS TO BE TOO LITTLE TIME TO WORK OUT
ADEQUATE EXPRESSION OF WHAT I REALLY FEEL --SUFFICE IT TO SAY --I HOPE TO BE
WORTHY TO BE YOUR ETERNAL COMPANION AND ABLE TO DO IN A PLEASING WAY, ALL WE
(YOU AND I) ARE ASKED BY THE LORD TO DO --NOTHING COULD BE MORE WONDERFUL.
AS I SAID SOME TIME AFTER GEORGE BLESSED OUR FAMILY AND IT WAS EVIDENT THERE WOULD
BE NO MORE --BUT NOW WE CAN LOOK FORWARD TO OUR ETERNAL PARENTHOOD TOGETHER --HAVING
SPIRIT CHILDREN --YOU AND I --IT MAKES ME TINGLE WITH JOY TO EVEN CATCH A GLIMPSE OF
SUCH JOYS AND GLORIES BECAUSE YOU WILL BE THEIR FATHER- JENNIE

(102) On reaching our 47th Wedding Anniversary

Time moves by at a steady pace
minutes and hours come and go
And as they pass they seem to say
We make up the structure of every day
The days and weeks and months fly by
without getting permission or asking us why
and as they go they give a loud cheer,
Hurrah, Hurrah for another year!

June 11
1977

A year by itself is not very long
just a skip and a jump and a song
But as each one passes it ^{raises} the score
There is one less now and not too many more.
~~As~~ I think about how much I hope to do
as I see the end coming right into view
When I hope to transfer from here to Heaven
and make my yearly report for the last forty seven.
I am glad for the minutes and hours to come
and will use each of them wisely one by one.
Then I would be too worried as the months go by
I'll make them count if I only try -
The years that are left maybe quite a few
at least enough to do all I need to do -
So I'll keep on doing until I am through
and I wish the same for you!

I am so grateful & pleased and ¹⁰³
so happy with Life - ¹⁹⁷⁷
and I owe for this feeling
to my wonderful wife -
who I married in the Temple
I am proud to say
just exactly forty seven
years ago Today -

Time has made her more
precious and lovelier too

I love my darling my
sweet heart for sure
and I will for forty seven
times forty seven hundred
years more -

Here in our eternal youth when
this earth is turned into Heaven
Will count the years and have
them produce, like they did for
these first forty seven!

On Having another birthday
after 80 years.

(113)

Birthdays come and birthdays go
But they come and go faster
when you have just had one
and another one comes -
at least it seems so

Just a few years ago
a statement was made
that life begins at forty
I believed what was said
and thought it was so
there is more than one forty
that all of us know.

So when the mail comes
with many a letter
about turning eighty
I just remember that all
eighty is in two forties together
Simple math is just such
so if life begins at 40 -
then at 80 life begins with
twice as much

This is a wintery day with icy roads and weather at below freezing but otherwise a good, typical February 14th day. Mom had written a very special letter and Bishop Hatch from California called to thank me for the Temple Book I had given him at the time he took charge of Uncle Kay's funeral. It is something to just keep on having birthdays and to feel so well and so young. Actually I am not any older in my mind or thoughts than I was years ago. I have thought of the feelings I had 35 years ago when I was in the hospital so long and I was actually wondering if it had been wise to spend so much getting my teeth all fixed. Also I recall wondering if the big Metropolitan Life Insurance Company would be able to pay out the \$80,000 insurance that I had recently taken out. I also wondered when there was such uncertainty about my condition why the Life Ins. Co. didn't send a crew of specialists to see that I was taken care of properly instead of just letting me become a claim. Then the thought went thru my mind of Sister Hess at Ashton who said I was in worse condition than her husband, President Hess (who shared a hospital room with me[^]the hospital last March) who was being buried.

I had some thoughts about turning 80 which I wrote:

On Turning 80

This is an event that is sure to come;
It is around the corner for most everyone;
If it happens to me it can happen to you
So just be ready and don't over-do.

Don't make a big fuss and keep it low-key,
The same for you as it is for me.
For really and truly we all want to say
That turning eighty is just another day.

"Tis like stirring living embers
When at 80 one remembers
All the aching and the quakings
Of the times that tried men's
souls." (Oliver W. Holmes)

Age, like distance, lends
a double charm!

Everyone respects a self-made
man. It is better to be
made that way than to not
be made at all.

Christmas 1986

To my beloved and loving Jane -

As my gift to you - my deep and constant love and admiration and everlasting gratitude. Though I have always understood that without you, I would be very small and incomplete - It has become clearer to me each day and each experience, that with you, we each become fulfilled, enlarged and capable of having a fullness of joy - partly here and now and to be continued hereafter - in even better quality.

My heart-felt understanding -

Without you - nothing!

With you - everything!

and three other gifts - (1) The Video of the Temple meeting - (2) a full new outfit for you to wear, for the Comital Club meetings, etc, etc.

(3) My full effort and promise to complete an appropriate life story during this next year!

I remember so well when we first met, you were less than 20 and I was more than 20 - As we have passed each 10 year mile post this spread of years keeps showing up - until now - with your birthday this year you are less than 80 - and I am more than 80 - Next year you will be 80 and I will be 82. I recall when you had your 20th birthday - it was just a couple of months after we first met - I stated you are now 20 - and I am "20 too" -

It has been an opportunity to be just a little older than you and yet to be about the same age

When you ^{are} 90 and I am 90 ^{too} we will be even closer to the same age - and when it be given to tell stories & joke about our age

My dearest companion and my best friend:

As the years roll by it becomes clearer to me that I was guided and blessed with light and vision beyond my native ability to seek and find and win you to be my helpmate in the building of the Kingdom.

You have been so capable, so thoughtful, so understanding that it has been a real joy to work and build together. Tho we have had many of the challenges and the experiences that test us - you have been true and faithful and in my book of memories you have always been my very best friend!

I thank you I honor you and with all my heart I love you for time & for all Eternity -

Your grateful companion.

Dearest Jane -

There comes to mind a scene - on the roof to Springville - 82 years ago tonight that is very special -

Do you feel there was a setting of a father and a mother carefully putting three children to bed - and then with some assurance that the time for the arrival of number four was at hand and everything was in order - they retired -

From a vantage position in the heavenly home where many were preparing to graduate - do you suppose you looked and saw this earthly home with every one ready - Mother anxious to go willingly and gratefully into the valley of the shadow to give you a mortal body - and father full of hope that you would be a girl and make the family in perfect balance and two boys + two girls and give 4 year old Rachel a precious pal. Did you and all of them have an inner feeling of the event of tomorrow when you would come joyfully into the world to take your place and become all that you have become - I must have rejoiced, and I still do with all my heart - and I am ever grateful for this day and you with love, Dad

John's family prepared ancestors names and now we have another opportunity to do temple work (sealing of couples this time) - for our very own -- We are setting it up so family members can help - but it is the way we celebrate our 58th Wedding Anniversary.

We went to the Temple -
and were sealed to
each other for time
and all Eternity -

We had a beautiful
reception for family
and friends -

We took a trip
thru the Southern
Utah Parks

We set up our
own apt and
soon were called
to positions in the
Ward & Stake -

We looked forward
to having our own
family of children
We are very happy

We can go to the
Temple & be sealed
by proxy for

Couples now in
the Spirit World
We can ponder the
rejoicing among
family & friends
in the Spirit World.

We can think of what
they are doing in
the days following
over there.

It will be good
to think about
activities for those
over there after
they are organized
into Eternal families

Is there some
sticking similarity
over there
They are very happy.

You are wonderful

The main reason our 60 years
is so wonderful is not because
there have been so many
days or months or even years

It is because you, my son
Dear Jane have been wonderful
during each and every period
and in every situation -

As companion and best friend
as mother and inspired teacher
of the children - and as
example of where and when
and how a mother should
accept her calling - you have
been just wonderful. That
makes 60 years - just what
it is - wonderful!

Yes wonderful to me!
Make known His wonderful works
among the people. D+C 65:4

About 60 in our vocabulary -

60 seconds make one minute
and 60 minutes make one hour
It takes a lot of 60 minute
hours to make a month
a month is only one half of 60 days -
Even 60 months only measures
the length of 5 years - and
think of how many seconds,
minutes, hours or even days
there are in just 5 years -
In 10 years ~~that~~ ^{there are} twice as
many of each measurement
as 5 years - yet ~~to~~ times 10
only amounts to 50 years
So to get 60 years - It takes
a lot of every thing -
That is what makes up our
anniversary today - a lot
of every thing and its Wonderful.

Idaho Falls, Idaho - June 10, 1990

Last Thursday p.m. we had the missionaries to dinner - I was under pressure as we had also that p.m. participated at the dedication of the new addition to Lincoln Court - I was rushing around because the elders had called and I had assured them they could eat right at 5:30 - they had evening appointments. 127

Well - there had been other pressures that week - also - so I was too exhausted when I went to bed. But I seemed to quite relax and sleep o.k.

The next morning, however, I felt heavy and weary - I tried to work it off - prayer and singing hymns - always help some - but after eating (or trying to) breakfast - my feelings progressed until I felt ill - then very ill - then very, very ill - not at all like me - I always hesitate to bother Dad with such things because of his health condition - and my determination I will always do my part to be the companion and helpmeet I should be - But I felt sooner a complete collapse I had to make it from the bedroom where I had tried to relax - to the TV where he was enjoying the news. I told him I had to have help - at once and I did. I told him of things that must be completed if I didn't make it - if I died - I felt that ill - Of course he responded at once and asked if I wanted a blessing (this need for a blessing has been experienced before) I assured him I did and at once - He blessed me with assurance of the Lord's love and approval and his love and others, etc.

blessing of being able to relax and rest and be restored - etc. - I relaxed - able to go to sleep - and I slept for 2 or 3 hours - I awoke feeling much improved - I was now able to take some mild nourishment - then I went back to sleep - for another hour or two - I felt strength coming to me - how grateful I was - An hour or two later I went back to bed and slept thru the night - I awoke feeling almost normal - actually healed - How I rejoiced and how grateful I was for Dad's qualifying always to use his priesthood power to bless me (and others) - in such a correct way that when the Lord felt I should be restored, I was -

I have thought of this since - and decided I had been involved, a participant in a real miracle - I had literally been healed -

I have humbly expressed to my dear husband my gratitude for the blessing and my awareness of what had actually taken place - a miracle - a healing - thru the power of the Priesthood of God of which he is the worthy bearer. It is humbling to know this and motivating to help me realize that I have been healed to accomplish what the Lord wants me to accomplish. This is my whole desire.

Today is June 11, 1990 - the 60th anniversary of our wedding day - Delbert's and mine - We were married in the Salt Lake Temple by Elder Joseph Fielding Smith sixty years ago today. As we look back we are filled with marvel and wonder - at the joys & blessings that have been ours.

It was sixty two and a half years ago when Delbert and I met each other at the B.Y. U. and we have loved each other ever since - but of course that love has deepened, strengthened and matured and become the very essence of who we really are - eternal companions - husband and wife in the highest sense, mother and father to eleven dearly beloved children (and their eternal companions and their children and their children - all dearly beloved) - We are now grandparents of sixty two precious children of Heavenly Father and Mother - (one having returned to them) - and one soon to join our happy ranks. And we are great-grandparents of twenty eight. We have been blessed during the sixty years of marriage - beyond our ability to comprehend - but we do feel and desire to express our love and gratitude for all our joys and fulfillments and blessings to Heavenly Father and to our Savior and Redeemer and Exemplar - His beloved Son, Jesus Christ - and also to our great ancestors who are now living in the Spirit World but, we believe, aware of us and all their descendants - and who have left a noble heritage for us to strive to carry on and among them ^{we} some great ones we wish to emulate -

Speaking of emulating others - as I have pondered over what has been given us during our sixty years of marriage - I can think of no one more deserving of emulation by his posterity than Delbert, Dad, Grandfather - I propose he be your "role model." Here are a few reasons why;

During the sixty two and a half years we have known each other I have never heard him say or seen him do an unkind thing - or anything even slightly deceitful or in any way displeasing to the Lord. But more than that - during these years I have constantly seen him loving, lifting, enlightening others - forgetting self except when his physical needs for rest, food, exercise, etc. cried out for attention and he satisfied them in order that he might continue blessing, serving, helping others - especially. Being his wife and the (and great-grandmother) mother of his children, grandmother of his grand and great grandchildren - I realize he is special - very special. I know other women who really wish they could honestly say of their husbands what I have just said about mine -

Dearest Jane,

Just 63 years ago - this week - in a light rain storm, much like today - Aunt Jennie might walked with us along 3rd East in Provo. We had a parasol and I tried to keep the rain from you and Aunt Jennie - It was a special time as it would be your 19th birthday - you were beautiful and such a sweet and friendly young lady - so much like your Aunt Jennie only you looked to her with great admiration and seemed to dream you would grow in ability and experience so you would carry Aunt Jennie's name with honor - My feeling was that she, at that time, knew you would fulfill your fondest dream - I had the clear message as we walked and talked that I was in the company with real quality success of the very highest order - The years since then have given assurance that my feeling admission at that time was given me to inspire me to try my best to be worthy of being your life's close companion - I shall try.

Love to all

January 1: LDS Hospital at Idaho Falls, Idaho - Elizabeth was three days old. Dad was our bishop. A long, drawn-out cry from a woman in the throes of labor agony whose child came at 12:01 awakened me. Almost instantly could be heard whistles blowing, bells ringing - heralding the arrival of 1945.

As things quieted down and I settled myself to return to slumberland - I said: "Happy New Year, my beloved - here we are, blessed with another precious child of Heavenly Father to love and care for and to teach of Him and his Beloved Son." And I became conscious that the naturally most important thing of the New Year was my husband - my husband and I - together - rejoicing over blessings, facing whatever might come together. Rejoicing also over responsibilities -

I hope the children and I can always be closer to him than his demanding public. If only the boys can share enough of his time and himself as the years go by, to become very much like him! And of course the girls need him equally. How thrilled they all are when they actually experience life together - life with their daddy - and how they love each other!

And he is our bishop! - humble, prayerful, wise, inspired, loved and loving, caring for many but always making time for his family.

My beloved husband, eternal companion, father of our precious children...unable to sleep I record:

He walks among his fellowmen - truly a servant, yet as truly a leader -
What is it that makes him thus - beloved and trusted by all?
Does he carry an inner magnet, drawing others to him as he warms
their hearts, lights their eyes, lifts their spirits?
What has he nurtured to find him thus now? - what gifts received?

He has many special attributes:

His desire to truly love and serve and see good in all and bless them
His ability to think accurately, clearly, to base judgment on pure knowledge
His habit to work easily but continuously, thoroughly, intelligently
His determination to meet life's challenges with faith, gratitude,
sound reasoning -

His sincere efforts, always without complaint

His right and desire to receive and follow promptings of the Holy Spirit,
always be sensitive to truth -

His relaxing, delightful, wholesome, healthy humor

Others have walked thus among their fellowmen - serving and leading, loving and loved, trusting and trusted, appreciating and appreciated, understanding, encouraging, lifting, blessing - Others - Washington, Lincoln, Joseph Smith - Others - even the Master Himself - whose Priesthood Dad holds and always honors -

And then I thought: Do Dad's many special attributes spring from this special one - his total resolve, his commitment, to be worthy of, to honor, to magnify the Priesthood of God with which he is blessed? Does his superior ability in all these other attributes come because of this one?

after these happy, challenging, fulfilling years together, I am convinced that the real reason I can say what I have just said about my dear husband - honestly said - and the real reason he is that way (at least one of the real reasons) is that Delbert (Dad) always - under pressure or not under pressure, in good health or not in good health, when he has time for it or when he does not have time for it -etc. - he always, always, just naturally honors the Priesthood of God which has been given him - and, perhaps unconsciously, at least for a long time and perhaps always, he magnifies it - as he uses it to bless others - and be guided himself - He naturally, without question, does what is approved of the Lord - and uses this great priesthood power correctly at all times -

Dad just naturally and constantly does what we must all do if we are to obtain our goal of exaltation in the Celestial Kingdom of God in the next life or the next - This exaltation requires that one keeps all covenants made with the Lord, is sealed in the temple and consciously does all he promises to do - lives the principles of the true restored gospel - 1. Faith in the Lord Jesus Christ, 2. Repentance, 3. Baptism by authority, 4. qualify to receive and follow the Holy Spirit of the Lord (Holy Ghost) and the couple welcome Heavenly Father's children to their home and do their utmost at all times to exemplify and live and successfully teach their children to do likewise - to prepare to be effective missionaries, to determine also to be married in the temple - and carry on -

Now, one extra comment on repentance - so necessary for those who have allowed themselves to be misled by the philosophies of men, or peer pressure, etc. - It is ^{or just weakness or never taught gospel truths} at times very difficult but never as difficult as not repenting and later paying the consequences for that

Full repentance (including confession) -brings full forgiveness - restoration - joy - peace- The "guilt" feeling many suffer from (when brot on by their own sins) is wiped away fully - and in no other way can ^(get rid of guilt feelings) this be accomplished permanently - so full repentance brings joy beyond expression - What a privilege to repent! What a privilege to teach others its joy.

Thinking of you
The whole day through
And just wanting you
to know it, too!

FATHER'S DAY, JUNE 17, 1973

DEAREST DAD,

AFTER OUR PRECIOUS VISIT LAST NIGHT ABOUT HOW WE'D HAVE TO MAKE EXALTATION IN THE CELESTIAL KINGDOM SO WE COULD HAVE CHILDREN --AND HOW WE SEE NOW THAT HAVING CHILDREN IS THE GREATEST BLESSING, THE GREATEST JOY, THE GREATEST OF EVERYTHING--AND THEN WE WONDERED WHAT OUR SPIRIT CHILDREN WOULD BE LIKE --AS CHOICE AS THE CHILDREN WE NOW HAVE --WOULD WE LOVE THEM AS MUCH--WHAT WOULD THEY LOOK LIKE? BE LIKE?

WHAT A GLORY AND WONDER TO LOOK FORWARD TO --CELESTIAL PARENTS OF SPIRIT CHILDREN --HOW LONG WOULD WE NEED TO WAIT BEFORE WE COULD HAVE CHILDREN AGAIN? SHARE THIS GREATEST OF ALL PRIVILEGES --LOOKING FORWARD TOGETHER TO THAT --AND TO BEING WITH OUR VERY OWN CHILDREN AND GRAND-CHILDREN AND GREAT-GRANDCHILDREN, ETC.

AND THEN THE PHONE RANG AND YOU WENT TO ANSWER IT AND I THOUGHT: "IT WILL BE EASY FOR DAD TO BE A CELESTIAL FATHER BECAUSE HE IS SUCH A GREAT FATHER NOW --WISE, INSPIRED, UNDERSTANDING, PATIENT, LOVING, EVERYTHING --WHAT A PRIVILEGE TO BE THE MOTHER OF HIS CHILDREN --AND WHAT A FUTURE TO LOOK FORWARD TO, WITH HIM --

HAPPY FATHER'S DAY - AND MANY ETERNITIES OF HAPPY DAYS BECAUSE YOU'RE THE FATHER --HOW DEEP AND GREAT MUST BE OUR HEAVENLY FATHER'S LOVE FOR US, HIS CHILDREN (AND HIS TRUST IN US) TO GIVE US SUCH A MARVELOUS PLAN *

Always, Jennie

(p.s. How tragic when some have not been taught in time by parents, why struggle, sacrifice, even suffering may be privileges to prepare us for Heavenly families--the need at times when it seems rough--to reach for help from Heavenly Father --that too is such a vital part of the preparation and JOY in it all - because we know!--the plan, the truth --)

Idaho Falls, Idaho, USA - June 6, 1981

For several days I have been filled -completely filled-with an awareness of how true and deep and real is my love for my eternal companion and his love for me--there is a sweet glory about this feeling that stays with me --to bless and enlighten very often indeed. No matter how difficult, he always is there with his best--and never, never thinking of himself but by nature, concern is all for others --how to help--to love enough so they will do what will bring them the joy a loving Heavenly Father desires for them--It isn't really surprising that Delbert is the great and good and deeply loving companion --I've known that underneath always--since I've known him--but it is a special privilege and a blessing to be more often aware of this great and eternal love we share --a glimpse of the love and joy Heavenly Father wants all to have --and they may if they just do as He asks. It is true that I am only half myself and Delbert is the other half--and only our pure unity makes the whole for either of us - In some ways I desire to become more able to do as he does --such as immediate and happy response in conversation--to always care and express that care --and also, in some ways, he undoubtedly desires to be more like me --but it takes the two of us together to be this one unit that the Heavenly Father finds so easy and natural to shower blessings on - or so it seem as we always and continually marvel at the blessings coming our way all the time --

In early 1984 - Delbert and Jennie visited Lima Peru where Joe and Jeanne were completing their 3-year assignment as President and mother of the Lima Peru South Mission.

Jennie woke one morning in Lima and told Delbert she felt her greatest accomplishment in this life was being the mother of our children and teaching them the joys of gospel living - to really know, love and determine to follow and obey the Savior. As she started to express this she suddenly stopped and said - "No - that isn't right - I should say OUR greatest accomplishment in this life as PARENTS -(my greatest accomplishment with YOU and BOTH of us together) - is having all these wonderful, precious children and teaching them, first by our own and constant example, the joys of full gospel living - to really know, love and joyfully determine to follow and obey the Savior at all times - whatever He, thru his delegated authorities, asks."

with gratitude for the privilege
of being mother to his
children - I hereby promise
to spend no less than three
hours each Monday (or

are important to him =

1 - Organizing material

2 - Helping him complete
the promised project of
writing the family story of
his parents - as pledged
for 1975 - honoring his

AFTER RECEIVING WORD OF THE PASSING OF MY SISTER MARY MAXWELL, I AM AWARE OF ETERNAL VALUES AS I ADDRESS: MY BELOVED HUSBAND ON FATHER'S DAY -

JUNE 19, 1977 - FATHER'S DAY --SUNDAY

Revised June 17, 1984
(by Jennie H. Groberg) 138

HAPPY FATHER'S DAY TO THE FATHER OF OUR ELEVEN PRECIOUS CHILDREN AND THE GRANDFATHER OF OUR FORTY-FIVE GRANDCHILDREN, WITH MORE TO COME. OUR PARENTHOOD IS, OF COURSE THE GREATEST THING WE SHARE --THE WAY TO OUR ETERNAL JOYS TOGETHER - I CANNOT IMAGINE A MORE IDEAL FATHER THAN YOU AND WHAT A STRENGTH AND PRIVILEGE AND BLESSING IT HAS BEEN THRU THE YEARS TO WATCH YOUR FATHERHOOD IN ACTION --THE FACT THAT ALL OF YOUR CHILDREN AND GRANDCHILDREN LOVE YOU SO TRULY AND SEEK SUCH FREQUENT COUNSEL FROM YOU MUST BE COMPLETE PROOF THAT YOUR HEAVENLY FATHER IS VERY PLEASED WITH YOUR FATHERHOOD. BUT TODAY IS JUST THE BEGINNING AND THE EFFECTS OF YOUR TEACHING AND YOUR EXAMPLE WILL BE MORE AND MORE MANIFEST BUT YOU WILL CONTINUE TO BE THE WONDERFUL FATHER AND GRANDFATHER YOU ARE --AND MORE. AS WE COMPLETE OUR FAMILY HISTORY (AND PERSONAL) FOR NEXT CHRISTMAS, WE WILL DISCOVER HOW BASIC YOUR INSPIRED FATHERHOOD HAS BEEN TO ALL OUR SUCCESSES -- I SUPPOSE I HAVE TAKEN IT FOR GRANTED SO MUCH THAT I HAVE NOT ALWAYS EXPRESSED THE DEEP LOVE AND GRATITUDE I FEEL TO YOU AND FOR YOU --TO HAVE ANY OTHER SPIRIT AND LOVE AND EXAMPLE IN OUR HOME THAN YOUR SUPERB SPIRIT AND LOVE AND EXAMPLE HAS NEVER BEEN CONSIDERED BUT RIGHT NOW AS I RECALL THE QUESTION: "WHAT WOULD THE WORK OF THE LORD AND WE BE WITHOUT THE TEMPLES?" I SHOULD CONSIDER WHAT WOULD MY LIFE AND MY EFFORTS BE WITHOUT YOU --UNTHINKABLE OF COURSE --FOR INDEED WE ARE AND MUST CONTINUE TO BE AND INCREASE IN BEING, ONE, UNITED, TOGETHER-- THIS IS THE LORD'S WAY AND HOW BLESSED WE ARE TO HAVE IT ALSO OUR WAY. HOW PROUD YOUR OWN FATHER MUST BE OF YOU --AND AS YOU RELATE JOHN'S IMPRESSIONS, I OFTEN THINK OF YOURS --YOUR OWN FATHER'S APPROVAL AND LOVE AND GRATITUDE BECAUSE OF YOU --AND GRANDFATHERS' TOO - AS IS TOO OFTEN THE CASE NOW, THERE SEEMS TO BE TOO LITTLE TIME TO WORK OUT ADEQUATE EXPRESSION OF WHAT I REALLY FEEL --SUFFICE IT TO SAY --I HOPE TO BE WORTHY TO BE YOUR ETERNAL COMPANION AND ABLE TO DO IN A PLEASING WAY, ALL WE (YOU AND I) ARE ASKED BY THE LORD TO DO --NOTHING COULD BE MORE WONDERFUL. AS I SAID SOME TIME AFTER GEORGE BLESSED OUR FAMILY AND IT WAS EVIDENT THERE WOULD BE NO MORE --BUT NOW WE CAN LOOK FORWARD TO OUR ETERNAL PARENTHOOD TOGETHER --HAVING SPIRIT CHILDREN --YOU AND I --IT MAKES ME TINGLE WITH JOY TO EVEN CATCH A GLIMPSE OF SUCH JOYS AND GLORIES BECAUSE YOU WILL BE THEIR FATHER- JENNIE

TO MY CHILDREN'S DAD

When first I met you, Pal of mine -
I recognized your worth;
I realized that few such men
Had been sent down to earth.

You simply were outstanding
And the prayers of all my life
Were answered at temple altar
When I became your wife.

Then the children came---
And finer ones no parents ever had.
My secret hope was always
That they'd be just like their Dad.

If they possess such faith as yours,
Their goals they will attain;
Your honesty will prompt them
Never to deceive for gain.

If they can be as humble
And as prayerful and as true,
As loving and as kind
And sincere dear, as you --

I will have no further worries
And for this I'm truly glad
That you love me and I love you
And you're my children's Dad.

H A P P Y F A T H E R ' S D A Y

to the father of future (and present) fathers in our family ----

As Grandpa and Grandma commemorated their 56th anniversary June 11 I was again made very aware of the fact that wherever and whenever we go among associates, friends, families here in Idaho Falls --Grandpa is welcomed and honored --at the temple, with business associates, with community builders, at all Church gatherings --and most especially - in homes - he has an honored name - high respect - sincere appreciation -- and in the homes of our own precious families this is always true --

So when Dad told the enclosed story I asked him to write it out in his own handwriting as I would like to send it to family members -- Even though our family started only 56 years ago --not 200 as the DuPont story - before long at all --it will be 200 years and more -- How much we all owe to Dad for the great name he has maintained and continues to maintain - and what a special blessing for all his posterity who will want to carry on -

So on this Father's Day we salute all ^{you} fathers --and are grateful to know your full desire also is to always be an example of true honor and integrity always deserving of trust and esteem --

Sorry we're a bit late for

Key to Dad's great
accomplishments;
Know and Do what the
Lord wants.

some of you -- I was thinking the third Sunday would be next week - but now I realize it's in two days -

Love always,

TO DELBERT - MY BELOVED, ETERNAL COMPANION:

HAPPY BIRTHDAY! - YOUR 81st - ANNIVERSARY - AND WHAT A JOYFUL OCCASION TO PAUSE AND LOOK BACK OVER THOSE YEARS AND REALIZE HOW MANY LIVES YOU HAVE BLESSED AND WHAT FULFILLMENT AND JOY YOU HAVE BROUGHT TO MANY - - INDEED, ALL WITH WHOM YOU HAVE COME IN CONTACT - FOR THAT IS THE NATURAL WAY YOU LIVE AND DO AND ARE.

I SUPPOSE HEAVENLY FATHER AND OUR SAVIOR ARE MOST HAPPY WITH YOU SIMPLY BECAUSE THEY ARE MOST ABLE TO BE. BUT THE REST OF US REJOICE ALSO - AND FEEL HUMBLE AND GRATEFUL TO BE A PART OF YOUR LIFE - NOW AND FOREVER. I AM SURE THIS REJOICING BECAUSE OF YOU, WHAT YOU REALLY ARE, WHAT YOU CONSTANTLY DO - IS ALSO WITH YOUR PARENTS AND OTHERS ON THE OTHER SIDE OF THE VEIL - AS WELL AS COUNTLESS NUMBERS HERE ON EARTH.

AS YOU KNOW, YOU ARE SUCH A VITAL PART OF MY TOTAL EXISTENCE THAT IT IS CHALLENGING FOR ME TO PUT HOW I FEEL INTO WORDS - IT IS BETTER EXPRESSED IN ACTS AND FEELINGS BECAUSE AS YOU SO SINCERELY SAY TO ME, I SAY BACK TO YOU: "WITH YOU - EVERYTHING! WITHOUT YOU - NOTHING!" - BUT PERHAPS NEITHER OF US SHOULD SAY "I" BUT ALWAYS "WE" -

IT IS SO RIGHT AND SO GOOD TO KNOW THAT WHATEVER OBSTACLES WE MEET WE SHALL GO FORWARD (OVERCOMING) BECAUSE WE ARE TOGETHER - AND ALSO TOGETHER WITH THE LORD, - DEDICATED TO HIS PURPOSES - REJOICING IN HIS BLESSINGS - AND AS WE NOW REALIZE THAT BEFORE LONG WE WILL BE CHANGING THE PLACE OF OUR ABODE, THE REALLY IMPORTANT THING (BESIDES BEING TOGETHER - UNITED) - IS OUR POSTERITY - HOW DEEPLY AND LOVINGLY AND CONTINUALLY WE DESIRE THAT EACH AND EVERY ONE OF THEM QUALIFY TOTALLY - TO BE WITH US - THAT EVERY AND EACH PRECIOUS ONE, AS WELL AS YOU AND I - QUALIFY FOR EXALTATION AND ETERNAL LIFE IN THE CELESTIAL KINGDOM - EVENTUALLY - ALL OF US TOGETHER - WITH THE LORD!

I AM FULL OF GRATITUDE FOR YOU AND TO YOU - AND LOVE YOU ALWAYS AND WANT VERY MUCH TO BE ALL I MUST BE TO DO MY PART IN THE BUILDING OF OUR VERY OWN KINGDOM AND TO BE WORTHY OF ALL THE BLESSINGS WE HAVE BEEN GIVEN BY OUR HEAVENLY FATHER AND HIS BELOVED SON.

ALWAYS, JENNIE

IT WAS THE NIGHT OF FEBRUARY 13 WHEN DAD (AS USUAL) SAID OUR EVENING PRAYER (I SAY IT IN THE MORNINGS) - HE BEGAN BY PRAYING VERY MUCH AS USUAL - THEN PAUSED BRIEFLY AND SAID, (something like this): "HEAVENLY FATHER, WE ARE SO GRATEFUL TO MY PARENTS WHO GAVE ME MY BODY EIGHTY-FIVE YEARS AGO TOMORROW - GRATEFUL TO THEM AND FOR THEM - PLEASE TAKE VERY GOOD CARE OF THEM - WE PRAY THEY ARE HAPPY AND ALL RIGHT. AND ALSO, HEAVENLY FATHER, PLEASE TAKE VERY GOOD CARE OF MY OTHER ANCESTORS NOW IN THE SPIRIT WORLD * WE ARE SO GRATEFUL FOR ALL THEY DID THAT I COULD BE BORN HERE IN THIS COUNTRY OF FREEDOMS AND AT THE TIME WHEN THE FULNESS OF THE RESTORED CHURCH OF JESUS CHRIST IS ON THE EARTH AND THAT WE CAN BE SO BLESSED BY IT - WE WANT THEM ALL TO KNOW HOW GRATEFUL WE ARE FOR MAKING IT POSSIBLE FOR US TO BE HERE NOW AND BE INVOLVED IN THE BLESSINGS BOTH OUR COUNTRY AND OUR CHURCH SHOWER ON US."

THEN HE CONTINUED HIS PRAYER MUCH AS HE USUALLY DOES.

AFTER HE SAID "AMEN" - AND I ALSO SAID IT, I SAID "DAD, THAT WAS A BEAUTIFUL PRAYER AND I WANT YOU TO KNOW THAT I FEEL SURE YOUR PARENTS AND YOUR OTHER ANCESTORS ARE REALLY GRATEFUL FOR YOU AND FOR YOUR EXAMPLE OF TRUE LATTER-DAY LIVING YOU HAVE ALWAYS SET - AND THAT THEY ARE PROBABLY AWARE OF YOU -" I MENTION THIS BECAUSE JUST ABOUT A WEEK PRIOR TO THIS DAD HAD ONE OF THOSE NIGHTS WHEN HE DID NOT SLEEP WELL - HE HAD HAD SOME BIG PROBLEMS ARISE WITH THE BANK AND WAS STRIVING FOR THE RIGHT SOLUTIONS - WHICH MAY HAVE BEEN ONE REASON HE WAS RESTLESS ALTHO HE IS ABLE TO USUALLY JUST DISMISS THESE THINGS FROM HIS MIND - ALWAYS KNOWING HE HAS MORE THAN DONE HIS PART - BUT ANYWAYS - WHEN I INQUIRED ABOUT HOW THE NIGHT WENT - HE SAID HE HAD FELT A REAL CLOSENESS TO HIS PARENTS, HIS SISTER AND BROTHER, HIS AUNT MATTIE, GRANDMA BRUNT, UNCLE GEORGE AND AUNT CLARA BRUNT, ETC. - AND HE HAD FELT GOOD ABOUT BEING WITH THEM AGAIN - THEY WERE ALL SO DEAR TO HIM - HE MAY HAVE NAMED OTHERS * AS I RECALL, I ALSO AT THIS TIME - TOLD HIM TRULY THEY ALL LOVED AND ADMIRER HIM - WHEREVER THEY WERE - AND THEY DO - IT SEEMS ALL WHO KNOW HIM LOVE & ADMIRE HIM WE HAD THE USUAL SPECIAL MESSAGES, PHONE CALLS, PARTIES, ETC. ON HIS VALENTINE BIRTHDAY, FEBRUARY 14 -

February 14, 1991

HAPPY 85th BIRTHDAY TO DELBERT VALENTINE GROBERG AND MAY

EACH SUCCEEDING BIRTHDAY BE EVEN HAPPIER

AS YOU GAVE OUR FAMILY PRAYER LAST EVENING I WAS REALLY TOUCHED

AS YOU PRAYED FOR YOUR PARENTS IN THE SPIRIT WORLD, THAT ALL

WOULD BE WELL WITH THEM AND ALSO WITH YOUR OTHER ANCESTORS WHO

HAD CONTRIBUTED SO MUCH TO YOUR LIFE HERE ON EARTH - YOUR BEING

BORN IN THIS GREAT COUNTRY OF FREEDOM - YOUR BEING BLESSED WITH

MEMBERSHIP, TESTIMONY, PRIVILEGES FOUND ONLY IN THE TRUE CHURCH

OF JESUS CHRIST - THAT ALL WOULD BE WELL WITH ALL OF THEM.

NATURALLY I THOT TO MYSELF "DELBERT'S LIFE HAS BEEN SO EXEMPLARY

OF A TRUE LATTER-DAY SAINT IN EVERY RESPECT THAT HIS PARENTS AND

OTHER ANCESTORS MUST INDEED BE VERY GRATEFUL FOR HIM - PROBABLY HAVE

BEEN AWARE OF HIM THRU THE YEARS AND REJOICED ALWAYS BECAUSE OF HIM."

BUT I HAVE BEEN CLOSEST OF ALL - INDEED A PART OF YOU BECAUSE WE ARE

"ONE" IN THE HIGHEST MEANING OF THE TERM - AND I KNOW THE VERY DEPTHS

OF YOUR WISDOM AND GOODNESS AND MORE - AND OF COURSE ALL THIS BRINGS

JOY AND FULFILLMENT - AND MORE AND MORE -

LIVING IN TODAY'S TOPSY-TURVY WORLD IS A CHALLENGE BUT TOGETHER WE WILL

CONTINUE TO AGAIN MAKE IT A GROWING AND HELPFUL EXPERIENCE - AN OPPOR-

TUNITY TO KEEP ON PROGRESSING -

BUT MOSTLY WE REJOICE TOGETHER WITH OUR PRECIOUS POSTERITY - ALREADY

AWARE OF THREE MORE ON THE WAY - WITH THE KNOWLEDGE THAT IF THEY TRULY

LIVE THE GOSPEL THEIR CHALLENGES (EVEN GREATER THAN OURS) WILL ALSO BRING

GROWTH AND BLESSINGS. AND PERHAPS WHEN SOME OF THEM ARE 85 THEY WILL

OFFER PRAYERS OF GRATITUDE AND PETITION FOR US - THEN IN THE SPIRIT WORLD.

MY LOVE ALWAYS PURE, TRUE -FOR YOU. JENNIE

About 64 years ago, before I met Delbert and became his eternal sweetheart and companion, and while I was attending B.Y.U. in Provo (my home town) I became intrigued with Elizabeth Barrett Browning's "How Do I Love Thee?"

Part of it says: "Let me count the ways.

I love thee to the depth and breadth and height
My soul can reach, when feeling out of sight
for the ends of Being and ideal Grace.
I love thee to the level of every day's
Most quiet need, by sun and candlelight.
I love thee freely, as men strive for Right;
I love thee purely, as they turn from Praise;.....
I love thee with the breath,
Smiles, tears of all my life! - - and, if God choose,
I shall but love thee better after death."

As I read this poem my heart and mind responded; "I want my love and marriage to be like Elizabeth's - No - I want our love to be like Elizabeth and Robert Browning's." ***

Then I met Delbert and nearly 62 years ago we were married in the Salt Lake Temple. The years since have been of such inexpressible joy and fulfillment that sweet Elizabeth's expressions of love seem to almost fade into shadows in the light and wonder and glory of our own eternal marriage. Oh, I still appreciate Brownings and felt an almost personal relief and happiness when I was told they had been sealed in the temple. Priesthood and temple blessings were not available during their lifetime, but proxies have now acted in their behalf.

Last evening as I listened to my beloved, eternal companion express gratitude to our always loving Heavenly Father and then prayed that we might have understanding as to why we are so greatly blessed - I thot (after his Amen) -

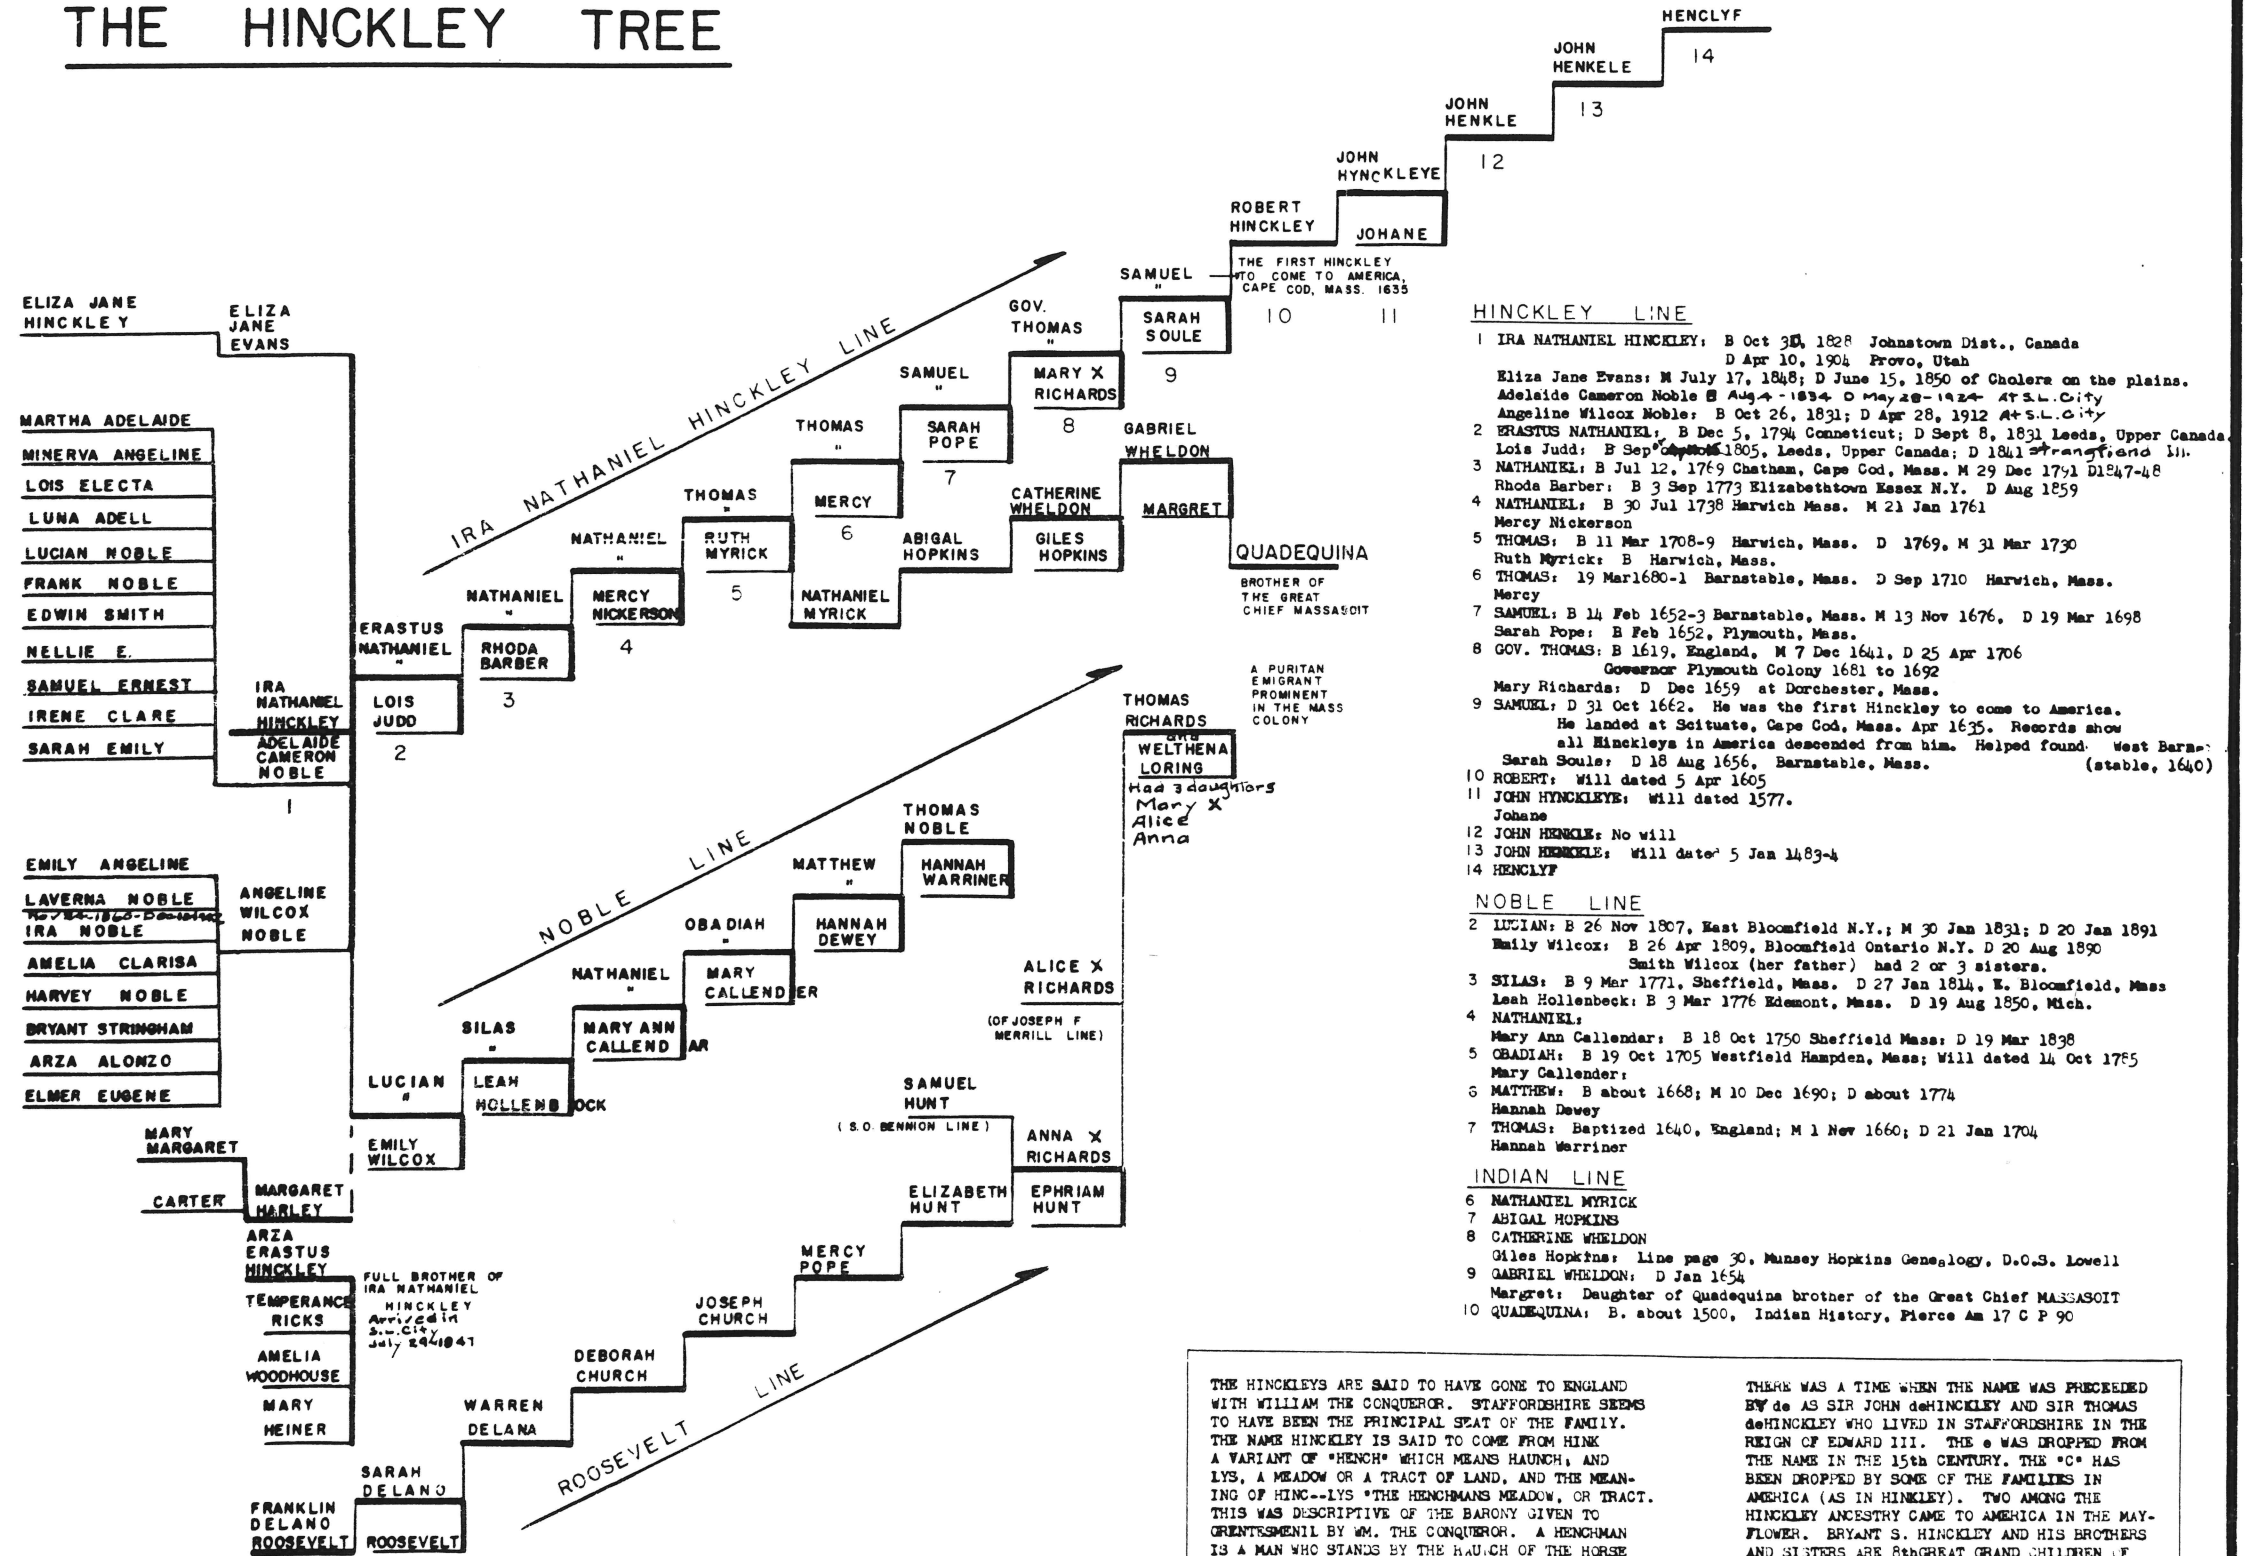

"What my sweetheart means to me far exceeds feelings - it has become part of me - of my existence. He naturally expresses just what I try to express when it is my turn to pray - We have become one - united - in a way that we do not yet fully comprehend but shall when we are prepared to do so. The same with our blessings - we are not yet deserving of such wonder and glory that is ours - i.e. that our posterity brings - but Oh how we want to be!"

I am still so human that I at times forget that if I expect him to always treat me as his queen I must first and always treat him as my king.

***"Grow old along with me! - The best is yet to be,
The best of life, for which the first was made.
Our times are in His hand."

Robert Browning.

From JENNIE'S JOURNAL:

Today is June 11, 1990 - the 60th anniversary of our wedding day - Delbert's and mine. We were married in the Salt Lake Temple by Elder Joseph Fielding Smith sixty years ago today. As we look back we are filled with marvel and wonder at the joys and blessings that have been ours.

It was sixty two and a half years ago when Delbert and I met each other at the B.Y.U. and we have loved each other ever since - but of course that love has deepened, strengthened and matured and become the very essence of who we really are - eternal companions - husband and wife in the highest sense, mother and father to eleven dearly beloved children (and their eternal companions and their children and their children - all dearly beloved) - We are now grandparents of sixty two precious children of Heavenly Father and Mother (one having returned to them) - and one soon to join our happy ranks. And we are great-grandparents of twenty eight.

We have been blessed during our sixty years of marriage beyond our ability to comprehend - but we do feel and desire to express our love and gratitude for all our joys and fulfillments and blessings - to Heavenly Father and to our Savior and Redeemer and Exemplar - Jesus Christ - His beloved Son - and also to our great ancestors who are now living in the Spirit World but, we believe, aware of us and all their descendants - and who have left a noble heritage for us to strive to carry on and among them some great ones we wish to emulate.

Speaking of emulating others - as I have pondered over what has been given us during our sixty years of marriage - I can think of no one more deserving of emulation by his posterity than Delbert, Dad, Grandfather - I propose he be your "role-model". Here are a few reasons why:

During the sixty-two and a half years we have known each other I have never heard him say or seen him do an unkind thing - or anything even slightly deceitful or in any way displeasing to the Lord. But more than that - during these years I have constantly seen him loving, lifting, enlightening others - forgetting self except when his physical needs for rest, food, exercise, etc. cried out for attention and he satisfied them in order that he might continue blessing, serving, blessing, helping others. Being his wife and the mother of his children, grandmother of his grandchildren, great-grandmother of his great-grandchildren - I realize how special - how very special he truly is. I know other women who really wish they could honestly say of their husbands what I have just said about mine.

After these happy, challenging, fulfilling years together, I am convinced that the real reason I can say what I have just said about my dear husband - honestly said - and the real reason he is that way (at least one of the real reasons) - is that Delbert (Dad) always - under pressure or not under pressure, in good health or not in good health, when he has time for it or when he does not have time for it, etc. - he always, always, just naturally honors the Priesthood of God which has been given him - and, perhaps unconsciously, at least for a long time and perhaps always, he magnifies it - as he uses it to bless others - and be guided by himself. He naturally, without question, does what is approved of the Lord - and uses this great priesthood power correctly at all times.

Dad just naturally and constantly does what we must all do if we are to obtain our goal of exaltation in the Celestial Kingdom of God in the next life - or the next. This exaltation requires that one keeps all the covenants made with the Lord the best he can, is sealed in the temple and consciously does all he promises to do - lives the principles of the true restored gospel found in its fulness only in the Church of Jesus Christ of Latter-day Saints - These principles are:

1. Faith in the Lord Jesus Christ - know Him, love Him, obey Him, gladly, gratefully!

2. Repentance - So necessary for those who have allowed themselves to be misled by the philosophies of men, or personal weakness, or peer pressure, perhaps not been taught these essential truths (but they are available to all) - Full repentance is at times very difficult but never as difficult as not repenting and later paying the consequences for that. Full repentance (including full confession) brings full forgiveness - restoration - peace - joy! The "guilt" feeling many suffer from (when brought on by their own sins) is wiped away fully and in no other way can this be accomplished permanently except by the Lord's principle of repentance. So full repentance brings joy beyond expression - What a privilege to repent! What a privilege to teach others its joys!

3. Baptism by authority in the Lord's way.

4. Qualify to receive and follow the promptings of the Holy Spirit - the Holy Ghost -

As the family is the basis of all joys and fulfillments in the Lord's plan - we are taught by His representatives to welcome Heavenly Father's children (spirit) to our homes and do our utmost at all times to exemplify and live and successfully teach our children to do likewise -

We are also taught and asked to prepare and to be effective missionaries - first to our own families - then (and while doing that) to others -

We are also taught and asked to be married in the temple and live worthy of blessings received there -
